

PERSHING'S BLOW TO MOROS AND CAPTURE OF SULTAN. PRESIDENT OF NATION STEPS ON CALIFORNIA SOIL.

SULTAN'S CASTLE NEAR PLACE OF DEFEAT OF IMPERIAL TROOPS.

TEN FORTS CAPTURED BY BUSHMANN AMERICANS.

Moros Killed Number 115 While American Loss Sustained Was Only Two Private.

MANILA, May 7.—Captain Pershing's column has defeated the Sultan of Ampuraganos' strong force of Moros in the Taraca country on the east shore of Lake Lanao, Island of Mindanao.
The Americans captured ten forts. One hundred and fifteen Moros were killed, thirteen were wounded and sixty were made prisoners.
The Moros captured, included the Sultan.
Two Americans were killed and seven were wounded.
The ten forts constituted serious and strong positions on the banks of the

Taraca river and from them the Moros vigorously resisted Captain Pershing's advance.
The American troops attacked the forts Monday and captured eight of them without suffering any losses, though the thirty-six obsolete cannon mounted on the fortifications were served with the best of the enemy's ability.
The garrison of the ninth fort resisted fiercely and Captain Pershing ordered the fort to be shelled and captured by assault, which was done.
Lieutenants Shaw and Grace, leading two companies of the Twenty-seventh Infantry and a detachment of cavalry, surrounded the tenth fort, where the Sultan had sought refuge and it surrendered Tuesday. The forts have been dismantled.
Captain Pershing moved north Tuesday to complete the exploration of the lake.

REBELS DEFEAT SULTAN'S TROOPS AT FEZ.

Pretender's Forces Loot Tents and Imperial Host Scatters in Reckless Rout.

MELILLA, Morocco, May 7.—The rebels have defeated the Imperial forces after ten hours' fighting near Fez, and have captured the positions held by the Sultan's troops, all their tents and much loot.
Both sides lost heavily.
The rebels sent messengers to the Pretender asking for reinforcements as they were unable to withstand a further attack.

The reinforcement, however, was not sent.
POWELL DENIES STORY

MUNGER MODIFIES ORDER.

Injunction Would Prevent Teamsters From Meeting.

OMAHA, May 7.—Judge Munger to-day modified the injunction issued against the Teamsters' Union. One section of the order, which restrained the union from continuing their organization and conducting their business, was so sweeping as to prevent the men from holding meetings, employing counsel or even declaring the strike off. Judge Munger eliminated all these provisions, but the remainder of the order remains unchanged.
Fewer teams were working to-day than yesterday. President Crew of the Teamsters' Union says that steps will be taken to secure, if possible, a further modification of the court's order.

WHITNEY'S ENTRY WINS \$12,000

BIG METROPOLITAN HANDICAP IS A RECORD BREAKER.

NEW YORK, May 7.—Gunfire won the Metropolitan handicap, Old England second; Lux Casta third. Time, 1:38 1/2.
The real racing season opened today with the spring meeting of the Westchester Jockey Club at Morris Park. True, there has been racing at the Aqueduct and Jamaica tracks, but to the racegoers, these are merely preliminary to the Westchester meeting. The day broke fine, the track was fast and a big crowd which went from the city all tended to make the opening day a successful one. The stellar attraction, of course, was the Metropolitan handicap, worth this year an even \$15,000, \$12,000 of which goes to the winner. The W. C. Whitney on ride, Gundre with Burns up, and Leonora Loring, with Fuller in the saddle, were strong favorites, carrying the bulk of the public money. L. V. Bell's entries, Col. Bill and Francisco, G. B. Morris' Old England and Slave, the former ridden by Hickey, were looked upon as dangerous rivals of the favorites, and Yellow Tail, in view of his performance at Jamaica, also received some backing.
The time for the race, 1:38 1/2, broke the track record for the distance.

BUSHMANN DIES BY A PISTOL.

President of Wholesale Fish Dealers Suicides in Tacoma.

TACOMA, Wash., May 7.—P. T. Bushmann, president of the Wholesale Fish Dealers, committed suicide by shooting himself through the head. The body was found in the brush near the site of the old exposition building, on Tacoma avenue.
He left home yesterday morning and had not been seen since until this morning, when his body was found in the brush.
Business troubles are believed to have been the cause. He was 54 years old, a native of Norway, and leaves a wife and three children.

CRUSHED BY TON OF METAL.

ONTARIO, Calif., May 7.—While engaged with two other men in installing a pump in a well of the San Antonio Water Company, three miles north of here, Frederick Gust Rabe was killed by a falling section of the pump. Rabe was standing near the shaft as the men were raising the heavy mass of steel preparatory to lowering it down the well. In some manner the tackle slipped and the ton of iron struck Rabe, knocking him to the bottom of the 120-foot shaft. A section of the iron followed him and he was held down in five feet of water, crushed and mangled by the fall. Death was immediate.

WHOLESALE MURDER WAS PLANNED IN THE SOUTH.

BAKERSFIELD, May 7.—What appears to have been a deliberate attempt to wreck the Southern Pacific's theater-train, which left San Francisco last night at 11:45, was made about a mile north of the Bakersfield depot this morning.
A switch had been spiked with the evident intention of derailing the train, but, for the lack of time, the work had not been completed and the train passed over in safety.
Special officers of the company are investigating today.
A number of misplaced switches have been found within the last few days in the yards at Fresno and Superintendent Burkhead has issued a bulletin warning all trainmen to be on the look-out when entering the yards.
The superintendent, in his bulletin, says that this was done by outsiders for the purpose of wrecking incoming trains.

SULTAN'S BULGARIAN NOTE IS OFFENSIVE.

Porte as Consequence Pushes His Troops in Macedonia and Also Into Albania.

Constantinople, May 7.—The Bulgarian Government has returned the Porte's note on the subject of incursions of Bulgarian bands into Macedonia and the importation of explosives into Turkey from Bulgaria, to

the Ottoman commission at Sofia, leaving what the government of Bulgaria describes as "its offensive terms."
The mustering of Turkish troops continues in Macedonia and Albania, where soon 165 battalions will be distributed.

BARSTOW, May 7.—President Roosevelt entered California last night and made his first speech in this State here this morning.

The stop here was for ten minutes, and the President's address was necessarily brief.

REDLANDS, May 7.—President Roosevelt was formally welcomed to California this afternoon by Governor Fardee and a committee of the State

Legislature.
He responded in a brief address, and after luncheon was driven through the city and parks.

Flowers were in profusion everywhere and the President, who is making his first trip through California, could not find words in which to express his admiration.

He will leave here at 3 o'clock this afternoon, and, after a two hours' stop

in San Bernardino, will arrive at Riverside at 6 P. M., where he will spend the night.

AT VICTOR.
VICTOR, May 7.—President Roosevelt stopped here a few minutes this morning.

He extended a word of greeting to the people assembled at the station and then boarded the engine, on which he will ride through the Canjon Pass.

SEVENTH VICTIM OF TYPHOID.

Stanford Loses Another Student in Edward Frisselle.

STANFORD UNIVERSITY, May 7.—The seventh victim of the typhoid epidemic is Edward Irving Frisselle, '03, who died at the Phi Delta Theta fraternity house after struggling against the fever for over four weeks. He was a major in the department of physiology and registered from Fresno. No new cases have been reported for two days. Several patients are still very low.

FELONY HAS BEEN COMMITTED.

Grand Jury Will Examine Sale of Civil Questions.

SAN FRANCISCO, May 7.—The Civil Service scandal, caused by the alleged sale of questions for a recent examination of firemen, is to be investigated both by the Grand Jury and the Fire Commissioners. Already a preliminary examination has been held by the foreman and a committee of the Grand Jury, and Foreman Bryant is satisfied that a felony has been committed.

BASEBALL BOXING CYCLING. SPORTS MURDOCK DOES GOOD BATTING.

CORBETT APPEARS IN MONOLOGUE STANFORD GIRLS MURDOCK MAKES RECORD.

BILLED AT ORPHEUM SUNDAY NIGHT—HIS SPARRING PARTNER. ATHLETIC COMMITTEE RESCINDS RECENT DECISION—OTHER SPORTING NEWS. EXCELLENT WORK IN SENDING SACRAMENTO DOWN TO DEFEAT.

The friends of James J. Corbett are planning a grand reception for him when he appears at the Orpheum next Sunday night. Corbett will do a monologue turn, which is said to be a decided hit by those who have seen him. As soon as he arrives, he will select training quarters and his brother, Tom Corbett, has several places selected for his inspection. It is thought that Jim will select some spot in Marin county, where the climate is more bracing than anywhere else around the bay. Among Corbett's sparring partners will be Yank Kenny, who is a stranger to the Pacific coast. Kenny is as big as Champion Jeffries and can take more punishment than two ordinary men, but he knows almost nothing about boxing or prize-fighting. Tom Corbett had the following to say about Kenny: "Kenny is a big, good-natured fellow, and just the man for Jim to spar with. He is the biggest glutton for punishment I ever saw. A punch on the jaw bothers him no more than if a fly hit on your face. Kenny was with Fitzsimmons for a while, and Bob thought he was the greatest trial horse that ever came over the hills. It is funny about Kenny. To see him box in private you would pick him out for a world-beater. He will really put up a wonderful exhibition, but the instant he gets in the ring before a crowd he seems to forget everything he ever knew. Steve O'Donnell was another fighter something like Kenny. You remember when Jim Corbett picked him out for the coming champion, but before he did he boxed with O'Donnell, who showed him something he never saw before. Jim got stuck on Steve, and heralded him the coming man, but what a showman he made in the ring the next time he fought."

COUNTRY CLUB AT CENTERVILLE.

CENTERVILLE, May 7.—The regular meeting of the Country Club was held Tuesday, May 6, at the home of Mrs. Plummer in Centerville. Mrs. Helen C. Turner, the new president, presided. The committee appointed are: executive—Mrs. J. B. Thune, chairman; Mrs. C. Overaker and Mrs. M. Mowry; music committee—Mrs. Charles Evans, chairman; Mrs. Ford and Mrs. Plummer. Final arrangements were completed for the historical meeting. It will be held in the Centerville Town Hall at 1 o'clock on the third Tuesday of May. The day's program was a piano duet, Miss Miller and Mrs. Ford; piano and mandolin, Miss Miller and Miss Hazel Ralph; paper on "Music," Mrs. Turner; current events, Mrs. Peterson. The next meeting will be held at Mrs. Edwin Whipple's, in Decoto, with Mrs. Postelwalte as hostess.

SAVES COMPANION FROM DROWNING.

While making some repairs on the dock at the Oakland pier, Joseph Filka slipped and fell into the water. As he rose to the surface he cried lustily for help. John Sutrus, a fellow-workman, saw his companion struggling in the water and unhesitatingly threw off his coat and plunged in after him. Sutrus managed to pull the half-drowned man from the water and the pair were removed to the waiting-room at the pier, where they were provided with some warm clothing.

TRIP AROUND HARBOR.

Congressman Metcalf will inspect the water front so as to furnish the River and Harbor Committee of the House with information regarding the needs of Oakland's bay and water front. He is expected to leave for San Francisco tomorrow, and will be back in the morning in a steam launch.

KINGS OF TROTTERS MATCHED TO RACE.

GLENS FALLS, N. Y., May 7.—The secretary of the Northern New York Trotting Horse Breeders' Association announces that arrangements have been completed with the owners of Major Delmar and Lord Derby for a series of three races to be trotted on the mile tracks at Glens Falls, Albany and Binghamton. The Glens Falls meeting begins July 30 and continues for five days. The Albany and Poughkeepsie races will be held during the two weeks following in the order named. "What about my plans? I have no plans. I am waiting for the automobile. I am waiting for me on the other side, and that is all the plans I have in view—making a tour of France and Germany in our machine. I do not know how long I shall remain abroad, nor have I decided whether I shall make a stay at Kissingen or Carlsbad." In reply to a question as to the business he said that he was a "bull." "I am not in the market speculating," he added, "but I am a holder of industrial securities and railroad stocks. I expect to find a better market on my return."

WILL AUTOMOBILE IN FRANCE.

NEW YORK, May 7.—When seen, just before sailing on the steamer Oceanic for Europe, John W. Gates said: "What about my plans? I have no plans. I am waiting for the automobile. I am waiting for me on the other side, and that is all the plans I have in view—making a tour of France and Germany in our machine. I do not know how long I shall remain abroad, nor have I decided whether I shall make a stay at Kissingen or Carlsbad."

NO BUTCHERY OF CHRISTIANS.

VIENNA, May 7.—The officials here say there is no foundation for the report published in the newspapers in the United States yesterday that 9,000 Christian inhabitants had been massacred by Moslems. Austria maintains three garrisons in the district of Novi-Bazar, and everything is quiet there.

MISFORTUNE OF RICHARD CHUTE.

Bankrupt in Means and Sorely Bereft of Help-Meet.

Once Power in Rank of Republicans, Now in Retirement.

SAN FRANCISCO, May 7.—Poli of an older generation are talking about the misfortunes that have fallen on Richard Chute, once a powerful factor in Republican politics. Yesterday the papers contained the announcement of a double stroke of evil fortune. His wife died on the same day that his petition in insolvency was filed in the United States Court. Mrs. Chute was a beauty in her day. She was the daughter of the late Mr. C. Conroy, long potent in the Republican politics of San Francisco. A great many will deeply regret to hear of "Dick" Chute's misfortunes, for the old-time politician was noted for several peculiarities not so common in these days of the glad-hand. He was no hypocrite or time-server. He was warm in his friendship, intense in his dislikes, and he never dissimulated either. He was a partisan from the crown of his head to the sole of his feet, and in politics neither asked nor gave quarter. In the war period Chute became associated with Billy Carr, Bill Higgins and Jim Gannon, the three famous "C" men, and was a good organizer and a shrewd judge of men. He finally broke with Higgins and Gannon, and formed a combine with M. C. Conroy and Jim McCord to wrest political control of San Francisco from Higgins and Gannon, but the combine was beaten after a hot fight in the primaries. Secretary of State Curry, the barren straits in the ledger. Many years ago Chute retired from politics with a comfortable fortune, and turned his attention to mining in Tuolumne county, but his ventures all proved unsuccessful. He was a man of great energy in his operations, and also considerable sums for friends associated with him. It was his ill-luck to operate on the wrong place of every gold mine he struck. He was around him, but he always found the barren straits in the ledger. Chute's last appearance in politics was in 1890, when he took a prominent part in the campaign of Stanford and Markham. He was then associated with the late W. W. Snow, who regarded him highly.

WANDERED AWAY IN A DAZE.

YOUNG HARVARD FOOTBALL PLAYER DISAPPEARS MYSTERIOUSLY.

NEW YORK, May 7.—Nothing has been heard by his family of William Scoley Whitwell, the young Harvard football player, who left Cambridge on February 20 last and told his roommate, Hile, that he was going straight to his home in New York. Since then he has not been seen by any one who can positively identify him. Whitwell was to graduate next June. A year and a half ago he left Harvard and went to the University of Munich to study architecture and music, but after his return to Cambridge he studied so hard to make up extra work that he had to come home to New York for rest. Then his father, Dr. William S. Whitwell, became ill and the young man told Hile, his roommate, that he was going to see him. He left Cambridge on a Thursday. He was seen next morning at the Fairview line pier in this city. After Whitwell's disappearance his father died. His family believe that either his mind gave way from over-study or that some injury in the Yale game may have affected his brain. He had never complained of any injuries. The Whitwell family used to live in San Francisco, and there is a theory that he may have gone there. Mr. Bora zel, the young man's grandfather, said last night: "I don't believe that the boy has committed suicide or that he has gone to California. He has not more than \$25, and that would not have taken him far. I believe that he will turn up soon."

GOOD PRICE FOR POE'S MANUSCRIPT.

CHICAGO, May 7.—A dispatch to the Tribune from Philadelphia says: "George H. Rigby of this city has just paid \$2,500 for the original manuscript of Edgar Allan Poe's poem 'The Bells.' It is the most important Poe manuscript in existence, there being none of 'The Raven.'"

MISS SCHLEY RAISED MONEY FOR SUFFERERS.

CHICAGO, May 7.—A dispatch to the Tribune from Norfolk, Va., says: "It has just become known that among the passengers on the steamer Hamilton at the time of the disaster Tuesday was Miss Schley, daughter of Rear Admiral Winfield Scott Schley. She, with other women passengers of the Hamilton, raised \$90 in cash which was distributed among the Saginaw survivors."

Children.

SAN FRANCISCO, May 7.—President Roosevelt will be transported through a sea of American flags when, on Wednesday next, he reviews the school children at San Francisco on Van Ness avenue.

Fifty thousand children will be ranged along on either side of the great thoroughfare to greet the nation's chief as he passes. The review will be one of the greatest features of the reception of the distinguished visitor, and no pains will be spared to make it a distinctive success. President De Young of the citizens' committee has promised President Woodward that the entire length of the avenue will be consecrated to the children. He has also promised to have the President driven up one side of Van Ness and down the other so that every child may get a close view of the chief executive.

SCALPERS MUST

TICKETS.

SAN FRANCISCO, May 7.—The Southern Pacific Company today obtained an injunction from Judge Murasky to restrain Adolph Ottlinger, H. R. Duffin, Samuel Newman and Charles Conklin, railroad ticket brokers, from dealing in the tickets of the three big conventions that are to be held in this State during the next four weeks. The conventions from which they seek to exclude the brokers are the Grand Assembly of the Presbyterian Church, which is called to meet in Los Angeles; the convention of the National Association of Master Plumbers, which is to be held in this city within a few weeks, and the convention of the National Council of the Junior Order of American Mechanics, called for the last of May in San Francisco.

\$100,000 in Ameri-
can-Milling Building

SAN FRANCISCO, May 7.—A four-story brick building occupied by the American Milling Company, of which Charles Laumelster is the chief owner, was almost entirely destroyed by fire today. The loss is about \$100,000, with insurance of \$60,000. The building was a new structure, having been first occupied last November. One hundred and thirty employees will be thrown out of work.

The fire was caused by friction of a belt against a chute where the grain is lifted from the floor to the elevator. This friction produced a spark which set everything ablaze. The lower floor was used for grain and the upper floors for flour and mill stuffs.

All the upper stories are completely gutted and whatever escaped the fire has been damaged by water and smoke.

The only thing that was saved at all was a little grain stored in the basement.

The fire presented a magnificent spectacle and drew to the vicinity an enormous crowd which taxed the ability of the large squad of police.

LOS ANGELES IN
THROES OF FIESTA.

LOS ANGELES, May 7.—Crowds of visitors continue to pour into the city for the fiesta and today many additional tribunes are being erected along the streets to accommodate the throngs of sightseers who will greet President Roosevelt. The program for today provides for a repetition of the electrical parade this evening and a horse show and race matinee at Agriculture Park this afternoon under the auspices of the Los Angeles Driving Club. For the latter there have been over a hundred entries of all classes.

Council Bluffs.

COUNCIL BLUFFS, Iowa, May 7.—A small riot occurred on Main street today as the result of the striking teamsters attempting to force a non-union driver to return to the barn with his team.

The team was stopped three times by a large crowd of strikers, who finally forced him from his wagon and clubbed him.

Another driver drew a revolver and was arrested.

A number of wagons loaded with goods destined for Omaha and others coming from that city were stopped at the Broadway bridge and forced to return.

SAN FRANCISCO, May 7.—Henry Vesich, who conducts a grocery store on Guerrero street, returned from a hunting trip, mourning the loss of his hunting companion, William C. Graham, who had gone out with him in the morning and who dropped out of sight shortly after the noon hour.

Before reporting the disappearance of his friend to the police, Vesich went direct to his store, only to find that, in his absence, it had been entered, his safe robbed, and \$152 stolen.

Graham, who was seen leaving the store during the afternoon, was arrested. The money was found concealed in his bod.

FORESTERS OF
AMERICA IN
SESSION.

SANTA CRUZ, May 7.—The Grand Court of Foresters of America did not adjourn until 3 o'clock this morning. There were 40 candidates for supreme representatives, causing a lively contest.

The following were elected: E. I. Wolf; H. A. Gabriel, G. Rolley, H. K. Asher, George C. Steffler, H. Goetz, S. A. White, E. L. Sherman, H. Marks, Edwin Luttrell of Oakland, J. E. Goodwin, H. Goldman, M. Levy, H. Menkin, C. E. Peckham, H. V. Muller, G. Zaiser, W. M. John.

The following grand trustees were also elected: D. Teare, J. Meyer, G. W. Perkins, W. G. Beck, J. V. Emerick.

A telegram was sent this morning by the Grand Court to President Roosevelt, welcoming him on his entry into California.

The committee on revision of the laws presented its report and much time was spent in discussion.

At noon today, the Grand Court marched to Dolphin Park at the beach to enjoy a musical bazaar. About 600 people were present.

The following is a copy of a telegram sent to the President:

"The Grand Court of Foresters of America in session assembled extend to you a hearty welcome to the Golden State, and trust that, during your sojourn within our commonwealth, you will find that warm greetings and generous hospitality always extended by Californians to her honored guests."

BEGGED RATHER THAN WORK.

Jose Mario, a young Costa Rican negro, is in the County Jail pending arraignment on charges of begging and carrying concealed weapons. Mario was found begging in Fruitvale yesterday afternoon by Deputy Constable Scarborough and placed under arrest. Shortly afterwards Mario, who was under the influence of liquor, became very quarrelsome. Finally he drew a large butcher knife from his hip pocket and made a pass at his custodian. Scarborough disarmed him with but little difficulty. Mario will be arraigned before Justice Geary in East Oakland.

SAN FRANCISCO, May 7.—It is highly probable says the Bulletin, that the Dimmick case will be brought up in the Federal Courts once more.

If the case should be resurrected it will appear in the civil instead of the criminal courts and will be for the purpose of satisfying the jury that the prisoner is the party responsible for the disappearance of the \$30,000 from the United States Mint in this city. This step will be necessary in case the Department of Justice authorizes United States Attorney Woodward to take action for the recovery of the bonds furnished by Dimmick at the time he became employed in the Mint.

LAND BILL IS FOR
PEACE

LONDON, May 7.—The debate on the Irish land bill was resumed today in the House of Commons.

Referring to the question whether or not the bill would make for Home Rule, Mr. Healy pointed out that the measure was supported by the Irish members, who, he said, ought to know its effect better than "English amateur politicians, however respectable."

Mr. Healy said he did not grudge the terms which the landlords were getting. He would not incite the tenants to accept them and ridiculed the idea of a campaign of repudiation. It was impossible with the present system of government, if he waited to convict the Speaker of the House of murder, he would have no difficulty in so doing with the Irish government machinery in his hands.

Mr. Healy said he regarded the bill as being a measure of peace which he hoped would infuse a new spirit into the hearts of Ireland and England.

TRANSVAAL LOAN
REACHED FOR

LONDON, May 7.—The issue of the prospectus of the Transvaal loan was awaited with the greatest interest in financial circles here today and there was a scene of considerable excitement at the Bank of England, where thousands of people congregated hours before it was finally given out that the prospectus announced the issue of \$150,000,000 of the \$175,000,000 authorized, and that the price would be at par with interest at 3 per cent. The loan is redeemable in 1953. A sinking fund of 1 per cent will be applied to the purchase of stock when below par. The government of the Transvaal reserves the right to pay off stock at any time after May 1, 1953, subject to a six months' notice. The instalments on stock are payable as follows:

Three per cent payable on application; 7 per cent May 2nd, and the balance to be distributed from June to December. The instalments may be paid in full May 2nd under a discount of 2 per cent. The list closes on May 12th. Through various London houses applications in behalf of American clients were made this afternoon. The prospectus of the Transvaal loan, these, however, were very large, and as they must take their chance with the other applications, American money will not figure to any extent. The bankers expect that applicants will only receive about five per cent of the amounts asked for, as the over subscription of the loan is assured.

The rush for prospectuses was unprecedented. At the hour of issue thousands of people stood in the pouring rain, four deep, in the streets leading to the Bank of England. The scene in the lobbies during the first issue of the prospectus resembled a football scrimmage in which the weakest ventured to the wall. Later street hawkers sold copies of the prospectuses as fast as they could get the cash. Crowds continued to enter the bank long after the usual closing hour.

WOULD PROBATE WILL.

Lillie J. M. Eastman, executrix, has applied to the Superior Court for probate of the will of her late husband and Joseph S. Eastman, who died in Berkeley April 30th. The will, to which there is attached a codicil, is dated October 19, 1891. The estate consists of a medical library, surgical instruments and sundry stocks in solvent corporations, valued in all, less than \$10,000. The heirs are the children of the deceased, Fidelity McDougal, Samuel Palmer, Louise Letcher, Latham Calvin and Joseph Houston.

SAN FRANCISCO, May 7.—The commencement of arbitration proceedings by D. Mahon, president of the International Association of Street Railway Employees of America, and Patrick Calhoun, of the United Railroads of San Francisco to settle the differences between the local Carmens' Union and the corporation named, will take place on or about the 20th of this month in this city. The union will probably be represented by an attorney.

STILL HOPE FOR
HALF HOLIDAYCARPENTERS INFLUENCED BY
CONCESSIONS GRANTED
IN OTHER PLACES.

It now transpires that the Saturday half holiday clause, which the Carpenters' Union embodied in their new schedule, came very nearly being nullified upon the settlement of the recent difference between the contractors and the men. The carpenters conceded the point mainly as a result of the influence and attitude of the other building trades.

The general impression among the men, however, is that another demand for the half holiday will be made in the near future. They argue that this point having been conceded in San Francisco, Sacramento, San Jose and other places, there is no reason why it should not be here. In fact, it is the general sentiment among all the trades that Saturday afternoon should be the own, and it seems to be something that is taken for granted when the present new labor government of the county has completed and is in a position to make a satisfactory operation that the demand for a Saturday half holiday should be a united one and participated in by all the trades. It is reported that the Carpenters' Union, No. 35, in California, has decided that all the contractors should be required to grant the new schedule with the exception of three or four, who claimed they had not been notified that all contractors were to be required to grant the new schedule. The contractors must abide by the schedule, ample notice of the proposed advances having been given through the public press, if by no other means.

Charles Mather and R. Wind were appointed delegates to the governmental conference. This step is nearly all the influential labor organizations in line with this movement, so that considerable progress may be expected to be made at the next meeting, which will be held Monday.

Six new members were initiated.

WATER CO. SECURES
BONDS BY MORTGAGE

A mortgage has been given by the Contra Costa Water Company to the Union Trust Company of San Francisco for \$1,000,000. The mortgage, which was recorded by Recorder Grim today, covers all the pipe lines of the water company and other plants on the water shed throughout the eastern section of the county.

This step taken by the water company is simply a formal one and is to ensure the payment of the bonds which are being held on May 2, to float. The issue increases the stock of the water company from \$4,800,000 to \$5,800,000.

SHOWER OF TEARS
FOR HER JURYMEN.

Lulu Phillips, a well-dressed young woman, is being tried before Judge Ellisworth, in Department No. Five of the Superior Court, today, on a charge of burglary. It is alleged that on February 20 last her father, James Sturtevant, was brought here early today. He gave his name as Camasso Loubroide. He is an Italian and cannot speak English. Another stranger was taken into custody here this morning.

MURDEROUS BURGLAR
SUSPECT ARRESTED.

MEDFORD, Mass., May 7.—The man arrested in Boston last night suspected of having killed Miss Nellie Sturtevant here two hours before, while attempting to rob her father, James Sturtevant, was brought here early today. He gave his name as Camasso Loubroide. He is an Italian and cannot speak English. Another stranger was taken into custody here this morning.

AUDET WILL SUFFER
FOR HIS CRIME.

John Audet, the young man who was convicted of grand larceny by a jury in Judge Ellisworth's court, Department No. Five of the Superior Court, last night, will be brought up for sentence May 12. Audet was arrested two weeks ago for stealing a quantity of copper wire from a power house of the Transit Company on Leona Heights. Robert J. Devlin, an accomplice of Audet, is serving a term of six months in the County Jail, having pleaded guilty to a charge of petty larceny. An additional charge of burglary, on which he will be tried at the conclusion of his sentence, rests against Devlin.

TRUST WANTS CALIFORNIA
POWDER COMPANIES.President of Eastern Concern Seeks
Control of Giant and the
Vigorit Concerns.

SAN FRANCISCO, May 7.—It is reported that the Eastern Powder Trust, headed by the Du Ponts of Delaware, is trying to get control of the Giant Powder Companies. T. C. Du Pont, president of the Du Pont company, who is in San Francisco, is here for the purpose of combining all the local companies with the Eastern interests of the Du Ponts.

Du Pont is a large stockholder in the California Powder Works, which is the largest powder-making concern in the world, and it and the Du Pont factory on the Brandwine, in Delaware, are the only plants which can turn out the high-grade and power navy powders used by the United States Government.

The Judson and the California companies' stocks are not in the market. The price of Giant has very appreciably gone up, despite the recent sales of its stock by one of the directors, Thomas B. Peabody, who, according to other members of the corporation, has disposed of 500 borrowed shares and over 1500 shares of his own or held in trust by him. Old heads in the street yesterday had it that the move was an inspired one, to assist Du Pont in his effort to get control of as much as possible of outstanding Giant stock at a low price.

The general impression of the street is that a consolidation is imminent.

FINED FOR FALSE
FIRE ALARMFIRST CONVICTION SECURED FOR
CALLING OUT DEPARTMENT
ON WILD GOOSE CHASE.

For the first time in the history of the Police Court a person was found guilty today of violating a city ordinance which prohibits the turning in of a false fire alarm. John Travis, a nineteen-year-old youth was found guilty by Judge Smith this morning and fined \$10. But hereafter all other offenders will, under the law passed by the city legislature, be tried on a felony charge, and if convicted, sent to the State's prison.

Travis, who was fined in the Police Court this morning, was caught in the act of calling out the fire department by Policeman Mulgrew. The alarm was sent in from one of the new boxes just installed by the city and Travis pleaded that he was not familiar with the workings of the new box and so was unaware that when the caught hold of a little knob on the box he turned in an alarm. His statement was taken from Judge Smith, the fact that he, too, was not even aware that new boxes had been placed about the city and Chief Ball of the Fire Department was called to explain to the court the workings of the new alarm stations.

FUNERAL OF LATE
THAD PHILLIPS.

The funeral of Thaddeus Phillips, the Southern Pacific gateman, who dropped dead on a local train while going to work last Tuesday, was held from Leitch's and Henderson's parlors this afternoon. The body, after the funeral ceremony, was taken to Oakland Crematory and incinerated.

There were many beautiful floral pieces, and one which was especially handsome was from the baggage men, represented by C. H. King, C. L. Warner, and E. T. King. It attested the popularity of the deceased among his fellow-workers.

LEFT LARGE INDEBTEDNESS.

William Roberts, executor under the will of John Booker, who died May 21, 1902, has petitioned the Superior Court for an order of sale of the estate, alleging that it is necessary to sell the entire estate to pay debts outstanding and to accrue against the deceased amounting to \$15,488.45. The personal property of the testator is valued at \$17,475. In addition to which he left real property in Hayward valued at \$5,500, \$1,750, \$1,100 and \$6,600, and in Livermore at \$600 and \$90.

An Unusual Sale of Model Tailor-Mades

A SALE of fancy tailor suits takes place this week in the women's wear store. Each is a model designed by New York or Paris tailors. Each, therefore, has individuality and exclusiveness.

These suits reached us a bit late in the season. They have therefore been sharply price-cut. As examples we quote:

DASHING is the word which best characterizes this suit of tan flannelette. The suit is full bodied, has a high collar, deep lace collar. The suit has seven gorges and is trimmed with attached bands of tulle and spun glass drops. The suit has been reduced from \$32.50 to **\$25.00**

A SUIT of the new mixed flannelette is elegantly trimmed. The jacket shows postillion back, fancy braid, piping of tulle, and silver buttons. The skirt is tucked. The skirt has yoke and flounce outlined with shirring and piping of black tulle. Both jacket and skirt are silk lined. This suit has been price-cut from \$45.00 to **\$37.50**

BLUE mistral has been built into a very dressy suit. The jacket has fancy sleeves and broadcloth vest trimmed with Dresden buttons. Both jacket and skirt are elaborately piped with black and white silk. The suit is silk lined throughout. It has been reduced from \$60 to **\$45.00**

A NOVEL effect is produced by making up black flannelette over black and white check tulle. The fancy blouse jacket is trimmed with heavy Persian bands and has an extreme novelty sleeve. The skirt is sunburst skirt. This suit has been price-cut from \$90 to **\$70.00**

Corset Coats and Jackets

A NEW showing of the extremely popular corset coats and jackets has been received by express. Tan corset coat is the material used and the approved lengths are 30 and 36 inches. Price varies with material used from \$12.50 to **\$40.00**

McCormack, San Francisco; the office of Primary Superintendent was left to the Executive Committee to fill as the former Superintendent Miss Helen Babb, was compelled on account of ill health to give up the work.

The members of the Executive Committee for the class of 1934 are T. B. Hutchinson, Napa; Rev. A. L. Burlison, Santa Rosa; Rev. E. Neillander, San Francisco; Rev. McClelland, Stockton; Class of 1935 to fill a vacancy, Rev. T. S. Young, San Jose.

Mrs. Chas. Harp, Stockton; S. L. Heisler, Selma.

The president was elected as a delegate to the World's Sunday School Convention which meets in Jerusalem in 1934.

The election of officers was held before the adjournment of the convention for the noon recess.

YESTERDAY.

The afternoon session of the convention was largely attended. Especially at the hour when Mrs. J. W. Barnes spoke concerning Primary work when the house was entirely filled. One of the principal addresses of the afternoon was to have been Prof. E. D. Starbuck of Stanford University who was to speak on "The Strategic Point of the Sunday School." Mr. Starbuck did not appear on account of illness being threatened with typhoid fever.

Following the devotional services an address was given by Rev. E. W. Work of Berkeley on "A Bundle of Old Prison Letters." This address was concerning Paul's letters and spoke of the circumstances under which they were written, most of them while in prison. They were directed to the churches and contained many helpful instructions to persons at this time. The address was well received and the speaker was congratulated on his able presentation of the subject.

STATISTICAL REPORT.

The report of the Statistical Secretary was presented by Mrs. Chas. Harp who stated that the report showed progress in several lines of work. Of the forty-nine counties, thirty-nine have reported number of schools, 780; number of officers and teachers 7,621; adult pupils 29,367; intermediate and primary, 34,813; normal class, 844; home department, 3,689; total enrollment, 79,730.

The report of the treasurer was read by the chairman of the Finance Com-

TWO WELL-KNOWN MEN WHO RUN THE GALINDO BAR.

FRANK COURANT.

Frank Courant, partner of Fred Frame in the conduct of the Galindo Bar, was born in Gloucester, Mass., but as he migrated to the West at the age of five, he has all but forgotten the place of his birth. He spent his school days in San Leandro, but made Oakland his home about sixteen years ago. Since then he has been connected with some of the best catering houses and hotels in this city, and there is scarcely a department of the business on which he is not posted. He became a partner of Mr. Frame a year ago last April, and between them, they have made the Galindo Bar what it is today—the popular resort of busy men and the center of a first-class trade. Like his partner, Mr. Courant is a member of the Fraternal Order of Eagles.

mittes, Chas. A. Capen, of Sacramento. It showed the receipts to have been \$1,319.73 and the disbursements \$1,038.39, leaving a balance of \$281.34 in the treasury. There is some money yet due on old accounts that will doubtless be paid before the meetings adjourn.

At the Symposium on "Association work a servant of the denominations" D. P. Ward of Pasadena spoke of the value of the International work to the individual church societies.

The reception to Mrs. J. Woodbridge Barnes, when she was introduced to speak on "Important Factors in Religious Education," was most flattering. Mrs. Barnes presented the importance of child study, the need of definite ideas as to purpose of our work in the establishment of character, and the value of stories in the training of the young. In the matter of telling the story, she says:

"There are several things to be remembered. First, you should feel the part each character in turn presents; second, your story, like a picture, should have but few things come prominently into the foreground." As an illustration of what a story will do for a child in showing any defect in their spiritual life, Mrs. Barnes then related how, on coming down from the attic at home, her mother had, without a word, taken a mirror and showed her how she looked and, as soon as she saw the picture of herself in the glass she was moved with a desire to seek the wash-room and use the soap and towel vigorously.

"Thus," she said "will the child desire to cleanse itself of sin and evil habits when it sees itself in the story of another. There are no stories like the Bible stories to help children see their faults and correct them."

A ROUND TABLE.

After the convention closed, Mrs. Barnes conducted a round-table conference on primary work. In this conference she answered questions regarding methods of work from slips containing twenty-five questions. These were asked for by number and covered the whole field for the primary workers. Among the questions discussed were: "What is the value of music in the Sunday school?" "How can the routine work of the class be best carried on?" "Are modern methods practical in the country schools?" "What is the primary teachers' week-day work?"

The conference of superintendents was conducted by W. C. Pearce, who answered questions concerning the best methods of conducting Sunday schools. Following the conference there was a luncheon for the superintendents served by the ladies of the First Methodist Church. Those in charge were: Mrs. J. S. Burpee, Mrs. E. M. Larkey, Mrs. S. S. T. Dow, Mrs. C. E. Roon, Mrs. W. M. Collier, Mrs. M. E. Frost, Mrs. O. J. Backus, Mrs. S. E. Crane, Mrs. Edward Avery, Miss Dell Jewell, Miss Margaret Harford, Miss Julia Crane, Mrs. Templeton.

SERIES OF LECTURES

GIVEN IN FRENCH

BRICKLEY, May 7.—Monsieur Leopold Mabileau, the celebrated French economist, publicist and man of letters, will give the annual French lectures at the University of California during the coming week. Monsieur Mabileau will speak in Hearst Hall at 3 o'clock on Monday, Wednesday and Thursday, May 11, 12 and 14, and at 8 o'clock on Tuesday afternoon, May 12. He will speak in French. These lectures will be open to the public without charge, being a gift to the university and its friends by Mr. James H. Hyde and Mr. Charles B. Alexander of New York. The program for the lectures is as follows:

Monday, May 11—"Condition légale et sociale de la femme en France."

Tuesday, May 12—"Le peuple de France: le paysan et l'ouvrier."

Wednesday, May 13—"Tendances nouvelles de la littérature française."

Thursday, May 14—"L'art français et sa nouvelle orientation."

Monsieur Mabileau came to this country from France some months ago as the annual Hyde lecturer of the University of California at Berkeley. He is a graduate of the University of Paris, where for some years, he filled its chair of professor of philosophy, and afterwards at the University of Caen, at the College de France, and at the Conser-

FRED FRAME.

Fred Frame, of Frame & Courant, lessees of the Galindo Bar, 411 Eighth street, is one of the most popular young men in the liquor business in Oakland. Coming from Sacramento twelve years ago and taking over the resort a few years later, he has made a host of friends and fully maintained the reputation of the place, which dates back to the pioneer days. While keeping pace with modern requirements and catering to diverse tastes in the matter of liquid nourishment, the hostelry has lost none of its old charm. It is not surprising, therefore, that at all hours of the day the place is visited by many men of affairs. In addition to his ability to serve a good drink, mixed or straight, Mr. Frame is intelligent and well posted on all local topics.

sides lecturing at Harvard he has accepted invitations to speak at Adelphi College, College of the City of New York, Columbia University, Cornell, Dartmouth, Johns Hopkins, Mt. Holyoke, Facker Institute, Princeton, University of Michigan, the University of Chicago, University of Pennsylvania, Vassar, Wellesley, Williams, Yale, the Alliances Françaises of Baltimore, Boston, Brooklyn, Buffalo, Chicago, Cincinnati, Denver, Detroit, Indianapolis, Iowa City, Lafayette, New York, Philadelphia, Pittsburgh, Providence, Rochester, St. Paul, San Francisco, and the Cercles Français of Cleve and Salt Lake City, New Orleans and Washington. Monsieur Mabileau will also visit Hawaii and will give in New York and Brooklyn a series of lectures under the auspices of the "Board of Education" in cooperation with the Alliance Française Federation.

Monsieur Mabileau is about fifty years old. He is a graduate of the Ecole Normale Supérieure, upon leaving which he won a fellowship in the French School of Archaeology in Rome. He was called thence to the University of Toulouse, where for some years, he filled its chair of professor of philosophy, and afterwards at the University of Caen, at the College de France, and at the Conser-

HARRIMAN AND HUNTINGTON HAVE DEMANDS.

Each Has Trump Card Though Its Strength Has Not as Yet Been Very Fully Developed.

SAN FRANCISCO, May 7.—The conference between the Harriman and Huntington forces has brought out the interesting fact that Huntington holds an option on the California Northwestern railroad, which controls one of the chief approaches to San Francisco. The Santa Fe wants this road badly to connect its recently purchased short lines in Humboldt county with its main lines at San Francisco. It is also understood that James J. Hill has a long eye on the road because of its strategic value.

The story goes that, four months ago, before there was any indication of a schism in the then harmonious relations of Harriman and Huntington, the latter concluded a deal whereby the control of the Donohue road passed into his hands. Harriman is said to have conceived it to be a matter of importance to the Southern Pacific that the Ukiah line be kept out of the hands of the Santa Fe or any other interests not friendly to the Southern Pacific. The Santa Fe, at that time, was known to be casting longing glances at the growing business of Humboldt county.

HUNTINGTON'S TRUMP CARD.

Huntington obtained the option. He does not deny the transaction, but intimates that he holds the option for himself rather than for the Southern Pacific. Now that the time has approached when Harriman, to checkmate the Santa Fe's plans for obtaining control of the vast traffic of Humboldt county, he finds the trump card in the hands of Huntington.

The contending magnates are still striving to arrive at a satisfactory adjustment of the conflicting interests. Each demands large concessions of the other.

HARRIMAN'S DEMAND.

In the first place, Harriman demands the transfer to the Southern Pacific of the option on California Northwestern stock now held by Huntington. Second, he wants a guarantee from Huntington and Hellman that they will not extend their electric railway system to Santa Barbara or further parallel the Southern Pacific tracks in the southern part of the State. Third, he wants Huntington to agree that he will not employ his recently acquired electric railway franchise at Fresno and Stockton in any scheme for an electric railway system in the San Joaquin valley that will serve to parallel or compete with or divert traffic from the Southern Pacific lines. Fourth, he wants Huntington to continue as a director and vice-president of the Southern Pacific

Company. Fifth, he wants one of his own representatives in the board of directors of the Huntington-Hellman railway corporation.

HUNTINGTON'S DEMAND.

Huntington demands of Harriman that the whole scheme of the Harriman-Elkins-Clark syndicate for gridironing Los Angeles with competing railways be dissolved and abandoned; that all pending applications for electric railway franchises in Los Angeles be withdrawn, and that the franchise that was auctioned off on Monday last for \$110,000 be transferred to himself or his company.

These are the demands and contentions of the rival railroad statesmen, and it is on these points that the disputants are seeking to reach an understanding. That an amicable adjustment of the squabble will be reached is not doubted for an instant, in view of the intimations given yesterday. The terms of the agreement will be awaited with much interest.

More Facts.

Disturbances of strikers are not nearly as grave as an individual disorder of the system. Overwork, loss of sleep, nervous tension will be followed by utter collapse unless a reliable remedy is immediately employed. There is nothing so efficient to cure disorders of the liver or kidneys as Electric Bitters. It is a wonderful tonic and effective purgative and the greatest all-around medicine for run-down systems. It dispels Nervousness, Rheumatism and Gravel and expels Malaria germs. Only 50c and satisfaction guaranteed by Gasco Bros., Druggists, Seventh street and Broadway.

GREAT ACTIVITY IN ALL LOCAL LODGES.

Aspiring Candidates Looking With Anxious Eyes Toward Several State Grand Lodges.

Loyal Temple, No. 47, Hathbone Sisters, surprised Brother and Sister Austin Monday night last by presenting them with a very handsome burnt-wood bowl, and tendering them a banquet after the close of the meeting.

The occasion was the fifth anniversary of their wedding. Both were greatly surprised, but also pleased. Past Grand Chancellor George Sarauis, on behalf of the Temple, made the presentation in his usual pleasant way. Sister Cohen favored the guests with a song. Dr. Max Muehlenbrück added some words of congratulation. Sister Muehlenbrück favored with a vocal solo, after which all adjourned to the banquet hall and partook of the good things provided by the committee. Further remarks and congratulations were made by all present. Sister Austin is and has been the mistress of records and correspondence of this temple for several terms, and in this

IMPROVED RED MEN.

Great Sachem J. R. Tyrrell and Great Chief of Records P. L. Bliss visited the tribes of Sacramento last week. The great chiefs will visit the tribe of Alameda this evening. Next week they will visit the southern section of the State, and at Los Angeles will witness the adoption of 300 palefaces.

At the last meeting of the tribe in Santa Rosa there were eight adoptions and forty applications. The tribes in Santa Rosa and Petaluma are both arranging to build wigwams in their respective localities.

Solovome Tribe gave a vaudeville entertainment in Red Men's building April 30th in celebration of its thirty-fourth anniversary.

The tribes and councils of San Francisco, San Mateo and Alameda counties will celebrate St. Tammany

SONS OF VETERANS.

Colonel E. D. Baker Camp, No. 1, Sons of Veterans, was visited by Division Commander Frank R. Handley, Captain Bert McCoy of Lincoln Camp, No. 12, of San Francisco, and East Deputy Chaplain G. A. R. Bair of Oakland at their last meeting, May 5th. A very interesting programme was carried out.

This camp will have about fifteen votes at the division encampment to be held in San Francisco next Wednesday morning at 10 o'clock, at 625 Sutter street, Golden Gate Hall. It is steadily increasing in membership.

A committee prepared an entertainment in the near future was appointed as follows: Thos. Deasy, H. L. Longfellow, J. J. Hollywood, A. S. Ormsby and W. H. Collins.

FRATERNAL BROTHERHOOD.

Oakland Lodge, No. 128, Fraternal Brotherhood, met in Woodmen's Hall Friday, May 1st, A. A. Ormsby presiding. There was a large attendance. Three members were initiated. Lodge adjourned early, as it was an open meeting night. Everyone enjoyed a whistling solo by Mrs. M. E. Phillips. Dancing was indulged in until midnight. Lemonade was served by the committee. Mr. Hancock has offered a bicycle to every one bringing in fifteen new members. The lodge expects to see every member riding a wheel soon.

OAKLAND ODD FELLOW HONORED.

Major George S. Nelsmith of Oakland has been appointed Assistant Adjutant-General of the Patriarchal Militant for the Department of California. This is an honor which up to the present time has been held by a Patriarch in San Francisco.

K. P. OUTING.

Oakland Lodge, No. 103, K. of P. held the largest convention of this chapter this term on last Tuesday night, April 30th. The elaborate commodious Castle Hall was packed with members of the fraternity. Eureka Lodge of San Francisco attended in a body as did also Liberty, No. 35, and Piedmont, No. 172 of Oakland.

The conferring of the Knight Rank in long form on two esquires of Oakland, 103, and one esquire of Piedmont, 172, was in a measure responsible for the success. The team was at its best. Consequently it was the opinion of those assembled that the work could not have been improved upon. The annual outing of Liberty Co., No. 11, U. R. K. of P. took place at Bunker Hill Park, Los Gatos, on May 1st. One thousand citizens of Oakland took advantage of the occasion to enjoy themselves. The committee in charge of the affairs is to be congratulated upon the success of the day's pleasure and in making it a financial as well as a social success. The park was an ideal one, situated amidst flower-bespangled vales and verdant meads where summer sunshine sifted through interlacing boughs and music throated birds entranced the listening pleasure-seekers.

UNITED WORKMEN.

The regular meeting of Pacific Lodge, No. 7, takes place this evening at Fraternal Hall, 1155 Washington street.

The Alameda Past Masters' Association will meet with Keystone Lodge, No. 64 in Fraternal Hall, 1155 Washington street, on Tuesday evening, May 12th, the subject for discussion

being the formation of a General Relief Committee.

There was a large attendance of the order in Haywards last Saturday, the occasion being the reception of the Grand Master Browning.

The Supreme Recorder has issued a note warning lodges to beware of a swindler who is going about the country claiming membership in the order and securing money from lodges and individuals by means of forged checks and drafts. He is described as being about 30 years of age, of dark complexion, weight about 180 pounds, right arm off just above the elbow. The Supreme Lodge has offered \$100 reward for his apprehension.

SONS OF ST. GEORGE.

Aibion and Golden Gate Lodges held their annual church parade in honor of "St. George" at the church of the Advent (Episcopal), East Oakland, on Sunday evening last.

A special service and program had been arranged for the occasion by Prof. James Pollitt, organist and choir-master.

One of the features of the program was a vocal solo by a son and a daughter of the order, Master William J. Clark, and his wife, Mrs. W. J. Clark. A powerful and eloquent sermon was preached by the rector, Rev. Wm. Carson Shaw.

Delegations were present from Derby and other lodges, and the church was crowded and the doors by the friends of the Sons of St. George.

WORK AMONG GOOD TEMPLARS.

Last Friday evening was Installation night for Oakland Lodge, No. 163. Two candidates were initiated.

After the installation the banquet room was opened to the lodge and visitors were invited to the banquet.

The officers-elect as reported last week were installed with Sister McGuire acting as installing marshal. Monday evening Berkeley Lodge elected and installed the following officers: Bro. A. B. Johnson, O. T. S. Porter, Y. T. Sister Osburn, S. J. T. Bro. Humphrey, R. Sec., S. Porter, Financial Secretary; S. Stor Porter, Treasurer; Sister Johnson, Guard.

EL CAPITAN.

El Capitan Lodge, No. 221, did not have installation last Saturday night as expected on account of the absence of some of the officers-elect and will install next Saturday night. A full attendance of members is very much desired as important business will come before the lodge at that time.

Castle Juvenile Temple elected a full corps of officers last week and installed last night publicly after giving a very interesting program.

A very fine set of officers will carry on the business of Castle Temple this quarter and much good work will be done.

KNIGHTS OF THE MACCABEES.

Argonaut Tent initiated five candidates Tuesday evening. The new degree team deserves credit for the excellent work they have done during the past three months. The membership is now over 250 and many new applications are on file which will no doubt further increase the membership during the next thirty days.

The low dispensation of \$3.25 membership fee has been extended by State Commander Hall until June 1st. It is the time for each member to bring in one new name and raise the membership to 300 by June 30.

AMERICAN YOEMEN.

American Yoemen, Homestead No. 859, held a very interesting session last Tuesday evening. A large attendance was out and enjoyed the initiation given according to the new ritual.

Brother Jones was particularly commended for his exemplification of the work.

Lady Rowena announced a post-mortem on the dance, it will probably take place the last week of the present month.

BEN HURS WILL ENTERTAIN.

Oakland Court No. 5, Tribe of Ben Hur, elected to membership sixteen candidates last Monday evening and seventeen were duly initiated by the degree team. This makes 232 members in good standing at the present time.

Next Monday evening an open meeting and social will be given to which all members are expected to be present and are also invited to bring their friends with them.

MACCABEES FLOURISHING.

Oakland Tent No. 17, K. O. T. M., has admitted seventy-three new members since January 15th. This places its membership at 925 and makes it the banner tent of Northern California. A candidate will be initiated and next Monday evening the Degree Team of Haywards Tent No. 30 conferring the work.

After the ceremonies coffee, sandwiches, cakes and music were taken by the orator. The band in full will be present. It is expected that a large number of members will be on hand to witness the work of Alameda county's baby Tent Degree Team.

SOCIAL OF REBEKAH'S No. 11.

The regular monthly home social of Abet Invidia Rebekah Lodge No. 11 was held Tuesday evening, and visitors from Oakland, Brooklyn, Sunset and Berkeley were present, and a very pleasant evening spent in sociality, cards and dancing, interspersed with plates of ice-cream and refreshments by the committee under the direction of Annie Carl, chairman.

The entertainment committee decided to have a "Dutch" social in the near future and a number of novelties will be introduced. Members will take the 6:30 p. m. train to San Francisco next Tuesday evening to witness the exemplification of the Initiatory work at Bual Brith Hall by Arbor Vitae Lodge of Los Angeles.

HARBOR LODGE I. O. O. F. MEETS.

Harbor Lodge No. 253, I. O. O. F., in regular session held Wednesday evening, May 6, reinstated one member and reviewed the work done by the degree team in the several degrees. A delegation from outstanding lodges were present. The remarks from the visitors were encouraging. Members will take the 6:30 p. m. train to San Francisco next Tuesday evening to witness the exemplification of the Initiatory work at Bual Brith Hall by Arbor Vitae Lodge of Los Angeles.

PYTHIAN FAIR.

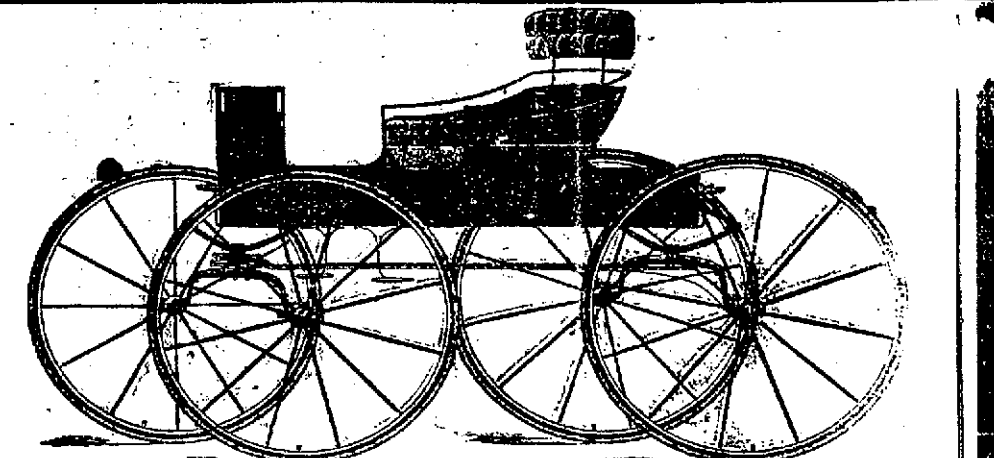

Work is to be immediately commenced on the booths for the Pythian fair to be given in Idora Park May 25 to May 31. Forty thousand feet of lumber is to be used in constructing the booths. An electrical display, in which 20,000 electric lights are to be used, will be one of the features.

Arrangements have been made so that excursion trains will be run from neighboring towns and from the northern part of the State.

REUNION AND DANCE OF Y. N. I.

The proposed reunion and dance of Oakland Council No. 6, Young Men's Institute, will be given this evening at Pythian Hall, Twelfth and Franklin streets.

The event will be a "May social" and

SCOTT'S CLAIM TO DISTINCTION. THE PROTESTANT PRINCES AND THE POPE

In all the press eulogies we have seen Irving M. Scott is alluded to as "the builder of the Oregon." This is mentioned as the very flower of praise. It is high praise indeed, but building the Oregon is not Mr. Scott's chief claim to consideration as a creative genius in the field of industry.

It was in making the building of the Oregon possible on the Pacific Coast that Mr. Scott demonstrated his leadership and capacity in the world of mechanical development. Before he could build the Oregon he had to build a shipyard in a new field. After establishing his yard, he had to demonstrate its capacity before he could get a contract to build a battleship. The veteran shipbuilders of the East and the Union Iron Works turned out excellent pumps, boilers and engines, but as for building ships Mr. Scott knew nothing of the business. But Mr. Scott began with a cruiser then a larger cruiser and then a coast defense vessel, and finally got a contract to build the Oregon.

It is notable that the San Francisco, the Olympia and the Monterey were the very best ships of their class at the time they were built. Judged by performance under the conditions of actual use the Oregon is the best battleship ever built in the world. At Dewey's flagship, the Olympia showed herself a superior ship for fighting service.

It is not so much the building of these splendid ships that gives Mr. Scott his fame, but that he built them at the time and under the circumstances he did. He ventured his own capital and the capital of his friends in a new line of industry in a field therefore untried, and he made a conspicuous success, i. e. in comparison with the highest standards of other countries. Here was the foresight to discern opportunity, the decision to seize it, the courage to put all to the test of accomplishment, and the capacity to make opportunity and endeavor handmaids to success. Therefore Mr. Scott's highest claim to distinction is that he founded the steel shipbuilding industry on the Pacific Coast. Other men are building steel ships here, but none of them attempted to do so till Irving M. Scott had pioneered the way and demonstrated that it could be successfully done.

It is a good thing to advertise a town, but it is not altogether a good thing to advertise its shortcomings exclusively. There is such a thing as overdoing calling attention to the bad condition of a town. The streets advertise themselves pretty well. Instead of talking so much about their condition we would do better to keep our mouths shut and put them in repair.

Mayor Schuch's crusade for the purification of Chinatown seems to have come to a mute and inglorious end. The "right statement" is reported to be in the state of beatitude. It characterizes a claim at which the police are not breaking many doors down. We should judge things are going the right way—for the Mayor's friends.

COST OF RAILWAY SUPPLIES.

The Railway Age says the price of steel rails in the United States has risen 52 per cent since 1893. In that year American rails became so cheap that American makers invaded every market in the world, even shipping rails to England. But so tremendous is the domestic demand now that we have no surplus to ship abroad, and are actually importing rails from Germany and Belgium. Lately the Santa Fe Company received a large consignment from Germany, and the Walash and Seaboard Air Line systems are building extensions with German rails. The average cost of coal has increased 54 per cent, and all other railway supplies in proportion. This will explain why operating expenses have increased so rapidly during the last three years. Labor and material cost has risen from 25 to 50 per cent. This means that it cost more to handle and transport freight than it did a short time ago. While the railroads may make it up in the increased volume of traffic, to do so requires careful management and close business methods.

There does not seem to be much point in the scoffing about the ladies being requested to assist in the work of street cleaning. As nobody else seems willing to clean the streets, perhaps the ladies will do the job. The hussies who are standing around and laughing over the matter had better pull off their coats and do something themselves in the way of removing the dirt and rubbish. But we rather fancy that a good many will find it easier to get off cheap jokes than to lend a hand by voice and example to making things better. Satire has its part in flinging and arousing public spirit, but the kind of satire that discourages and derides efforts to remedy an acknowledged bad state of affairs is about as worthless as the philosophy of Ithaca in his tub. It does nothing itself and mocks endeavor in the right direction. Let us have less jesting and more effective work.

FOLK REMEMBERS DEWEY.

States Attorney Joseph Folk of St. Louis probably had Admiral Dewey's experience in mind when he declined to accept the \$15,000 residence presented to him by his admirers. Mr. Folk is the man who has made himself a national character by his successful prosecution of the gang of hoodlums that has been plundering the Missouri metropolis for many years. He is a young man, politically ambitious, whose future is exceptionally bright. He is already in the gubernatorial and senatorial class. The blandishments of preferment and financial reward have had little weight with him as the threats of powerful ring politicians. He has repelled all influences that would compromise his ideas of what was right, but it required still more resolution to reject the mistaken kindness of friends, who could have adopted no surer means of weakening his position and lessening the public esteem in which he is held than by offering him a gratuity for the proper performance of his sworn duty.

Poor Dewey has never been quite the same since he accepted that unhappy house in Washington. The people rushed forward to give him something, and then turned like a pack of wolves on him for doing what he pleased with what they had given him. With a gallantry easily understood, and which should have been appreciated, he deeded the house to his wife. The angry roar that went up because of this natural and entirely proper proceeding proved how unreasoning and uncertain sudden popularity is. The men who had just made American valor and seamanship the theme of admiration in every land was scoffed at and derided as something little better than a bunco sharp.

In line the sober sense of the country rallied and put an end to this ferocious injustice, but Dewey can never forget it, and the sight of the house must ever revive mortifying memories. With the pride of a deeply wounded man, he has refused to live in the house, and it stands today a monument to the ingratitude and senseless spasms of a fickle populace.

Should Mr. Folk accept the house offered him by his friends, he would be taunted with it to his dying day. It would be thrown in his teeth as a reproach by rascals who ought to be in the penitentiary, and their sneers would be echoed by dull but honest men whose scanty stock of ideas are responsive to the stirring and prompting of keener intellects. The house would be a bar to his aspirations and a stumbling block to his usefulness. Its acceptance would be turned, by the subtle alchemy of sneers and misrepresentation, into something like a vindication of the thieves he has been whipping through the world with the lash of justice.

It is an unpleasant thing to say—and a still more disagreeable thing to feel and know—but the public is a great fool. It is forever committing egregious acts of folly, overthrowing the idols of yesterday to set up new gods to worship with new superstitions. It clamors for change, for sensation, and for flattery—and it forgets the good deeds of the past to give ear to the glib promise of some good thing in the future. It overwhelms the doer of some great deed with praise for the moment, and by and by wants to kick him because his presence is the reminder of an obligation. Every great statesman and soldier has passed through a period of contumely and popular reprobation—and many a one has sunk under the popular frown, knowing it to be undeserved. The weakness of popular government is this tendency of the public to repudiate its leaders and its ideals for the gratification of some momentary craze. Men are but grown up children and they treat their favorites as children treat their dolls—pull their heads off, break them and cast them in the trash heaps and dark corners of the garret. The Athenian who wanted to banish Pericles because he was tired of hearing him called the just is the type of the populace in all ages and lands. He illustrated the fact that the popular leader cannot be a great deal better than his age and his public if he would succeed.

Mr. Folk is wise in his day and generation. He knows the limitations of the public mind, and also its proneness to revolutions and spasms, and its predisposition to go on periodical sprees and to be lulled into pipe dreams. Therefore he will have none of the house his friends offer—he may as well have his enemies tomorrow—who knows?—and the first to point the finger of scorn at the habitation. His refusal, however, is a commentary on such presentations.

Berkeley and the State University

IN CAP AND GOWN FACULTY AND STUDENTS MARCH. MANY WISH TO BE NEAL MISSING. IS HAYWARDS HAS A FIRE TOWER TELLS OF BEST RESISTANT STOCK.

Brilliant Academic Procession to Be Formed for Commencement Procession.

BERKELEY, May 6.—With Commencement Day just one week off, all plans for the exercises, which will be the most impressive in the history of the University, owing to the presence of the President of the United States, and to the fact that they are to be held in the most beautiful and unique open air amphitheatre in the world, are virtually completed. The speakers have been chosen, the seats assigned and now the committee has announced the order in which the academic procession will be formed. By thus laying their plans ahead of time, those in charge have reduced the chances for misunderstandings and delays to a minimum.

While President Roosevelt is on his way to Berkeley, the procession will be forming and when he steps from the train the members of the faculty, the graduates, the students and visitors will be seated in the amphitheatre ready to receive him when he arrives.

Between North and South Halls the procession will be formed. From there it will proceed along the winding road to the left of the Philosophy Building, across the washout, north of the Mining and Civil Engineering Building, and along the shaded way up to the northwest entrance to the amphitheatre.

Along this same picturesque route the Presidential procession will make its way a little later. When President Roosevelt rounds the corner and steps the vast throng gathered in the scene, surrounded by tall trees, and when that throng sees him, there will be a scene that will long linger in the minds of those who are fortunate enough to see it.

The detailed plan for the forming of the procession follows:

9:00 a. m.—Commencement procession as follows: A. On the main walk between North and South Halls, Candidates for Degrees, grouped from north to south as follows: (1) B. S. (Chemistry), (2) B. S. (Civil Engineering), (3) B. S. (Mining), (4) B. S. (Mechanics), (5) B. S. (Agriculture), (6) B. S. (Commerce), (7) B. S. (Natural Sciences), (8) B. L. Social Sciences), (9) A. B. (Letters), (10) M. S. (Agriculture), (11) M. S. (Natural Sciences), (12) M. L. (Social Sciences), (13) M. A. (Letters), (14) Ph. G. (Pharmacy), (15) Pharm. B. (Pharmacy), (16) D. S. (Dentistry), (17) M. D. Ph. D. (Natural Sciences), B. At the Library: (21) Graduate Assistants, (22) Instructors, (23) Professors (including Lecturers and Astronomers), (24) Alumni officers, (25) Regents and guests.

The Deans of the College are to arrange the candidates alphabetically in the respective groups, to facilitate the delivery of the diplomas.

Professor Setchell will have charge of the procession.

9:30 a. m.—Procession moves, in double file, in the order given above, Group (1) leading, along the roadway on the north side of the Mining and Civil Engineering Building, and halting at the northwest entrance to the amphitheatre. Here the procession separates into two files, and opening ranks and facing inward, the several groups, upon the stage, revealing the order of the procession. The grouping of the candidates given above, and the alphabetical arrangement should be preserved.

ALUMNI CLASS WILL HOLD BANQUET.

BERKELEY, May 7.—The class of 1900 of the University of California will celebrate the third anniversary of its graduation by a triennial reunion which promises to surpass, in attendance and enthusiasm any such reunion ever held in Berkeley. Responses received to the invitations sent out by Mr. Fred G. Atherton, President of the class, and Mr. J. A. Atherton, its secretary, indicate that practically every member of the class living about San Francisco Bay, together with a number of 1900 men living at a distance from the University will be present. The class will sit together at the New Amphitheatre during the Commencement Exercises and will occupy a special table at the alumni luncheon.

CAPACITY OF AMPHITHEATER WILL BE TAXED TO ITS UTMOST.

BERKELEY, May 7.—Never before has there been such a demand for tickets to any Commencement exercises at the University of California than is being made this year. From alumni, students, friends of the University, town people and people from all over the State request for seats have been made. Such an influx of the quires has been received that the following letter has been issued from the president's office:

"The committee on Commencement for 1903 of the University of California regrets that it will be impossible to provide reserved seats for more than a comparatively small number of those who have applied for them.

"It is remembered that the Amphitheatre seats just 7181 persons; that the officers, graduates and registered students of the University number 3600 persons; that there are 300 students in the graduating class, and that some provision must be made for University benefactors, for the representatives of the State and National governments, and for the parents of students in the graduating class—it will be seen that the problem confronting the committee is not without its difficulties.

"The Associated Students will take charge of the seating of students in the section reserved for them. Tickets will be issued only to students actually registered. These tickets will be non-transferable, and must be signed by the students to whom they are issued.

"Alumni of the colleges in Berkeley may apply for seats through the Secretary of the Alumni Association, box 101, Berkeley. Alumni of the professional colleges should make application through their respective deans in San Francisco.

"A section of seats has been set apart for those residents of Berkeley (not included in the groups mentioned above) who have actively participated in the local arrangements for Commencement. To the Finance Committee for the arrangements in Berkeley (Mr. J. W. Richards, chairman), has been delegated the distribution of these seats."

CHICK RESIGNS FROM WATER COMPANY'S OFFICE.

BERKELEY, May 7.—Guy H. Chick, local manager for the Contra Costa Water Company has resigned his position to engage in private business enterprise. For three years Mr. Chick has proved himself an efficient superintendent, managing the affairs of the company with dispatch and diplomacy. His resignation will go into effect as soon as his successor can be appointed.

VACANT CHAIR IN HOME OF J. L. NEAL, TOWN CLERK OF PLEASANTON.

PLEASANTON, May 7.—Miss Bell Neal, eldest daughter of J. H. Neal, Town Clerk of Pleasanton, disappeared from her home a few days ago, and nothing has since been heard of her.

The family has no idea where she went, how she went, or the exact time she went away.

Nothing was thought of her being away from home at first. It was believed she was stopping with a young friend, but, upon investigation, it was discovered no one knew where she was.

Miss Neal is 20 years old and a nice looking young lady.

TRUSTEES MEET.

The Town Board of Trustees met in regular monthly session at the Town Hall Monday evening, with all officers present.

A petition for a renewal of his liquor license was received from Frank Caratti, accompanied by a bond with G. J. DeLuca and G. Rossi as sureties. It was laid over until the next meeting.

The Town Clerk reported that a checkup on the tax roll of the second installment of taxes on the last Monday in April and that there was no delinquent taxes.

The Street and Building Committee reported that the bridge on First street was in need of repairs. The matter was left with them, with power to act.

A number of supplies for the water works were ordered purchased.

Chief Martin, of the fire department, handed in his annual report as follows:

"To the Board of Town Trustees, Pleasanton, Gentlemen: I herewith submit my annual report as chief of the Fire Department for the year ending April 6, 1903: Number of members at last report, 57; suspended for neglect of duty during year, 14; suspended for cause, 1; resigned on account of removal from town, 6; new members, 10; fire in grass Spring Valley Building, October 9, 1902; fire in the barn at St. Augustine's Church, November 20, Chimney fire at J. C. Burke's, 1903—April 6, fire in Chadbourne & Hall warehouses.

MATTER OF CUTTING A STREET HAS BEEN CONTINUED FOR A WEEK.

HAYWARDS, May 7.—The Board of Trustees met in regular session Monday evening. The Town Engineer was away on a surveying trip, so could not submit his report on the cost of cutting down A street.

The property-owners on Castro street, between A street and Bowditch place, a distance of 950 feet, requested permission to lay a sewer on Castro street in front of their property. The petition was referred to the Town Engineer, with instructions to report at the next meeting of the Board, with plans and specifications and estimate of cost of building such a sewer.

The Engineer reported that he had examined the new steel fire bell tower recently erected by the Hayward Agricultural works, and that it met with his approval. The cost of the tower amounted to nearly \$1,000, which the Board ordered paid.

Viticulturist Twilight Issues Bulletin of Great Value to the State Vine Growers.

BERKELEY, May 7.—Viticulturist E. H. Twilight of the University of California who is making a thorough study of the vines of the State with especial reference to those resistant stocks upon which the California vines can be best grafted, has just issued a bulletin through the Agricultural College, embodying the conclusions arrived at during his studies and investigations. The bulletin goes into detail and tells of the different resistant stocks that have proved most successful on this coast. After giving a list of the different roots that experience has proved of the most value, the viticulturist makes some general remarks on the subject which are of wide interest.

"Resistant vines are of two kinds; those which are grown for the grapes they produce and those which are useful only for stocks upon which to graft the non-resistant varieties. The former are called direct producers, the latter resistant stocks and are used to protect the grower from the fungus phylloxera. The main importance of these facts concerning the fungus to the California growers, is that they hold out the hope of permanent prosperity for the wine-making industry here, where, owing to the dryness of the climate, there is no likelihood of trouble of those serious fungus diseases which threaten the industry in Europe.

"It may be said in a general way that the American-American hybrids as well as the ordinary American vines are more heavily than they would if they were on their own roots. They come into full bearing earlier, and generally the fruit will ripen earlier. But the variety produced is not exactly the same as that produced upon its own roots. The grapes are larger, but there is a slight difference in the size and the amount of sugar contained in the fruit. Vines grafted upon the Vinifera-American hybrids retain better their original qualities and have a closer affinity between stock and scion.

SEATS ARE NOT DRY.

BERKELEY, May 7.—The following self-explanatory notice has been issued from the Recorder's office by order of the committee in charge of the commencement exercises:

"The seats in the amphitheatre, in sections M to V inclusive, are of new and uncovered concrete. Seats should come provided with suitable wraps, rugs, cushions, etc.

"For members of the faculties, graduate assistants, and candidates for degrees, academic dress is customary, except that commissioned officers of the cadet corps wear their uniforms.

"The President of the University and the Committee on Commencement Exercises expect all graduates—recipients of bachelor degrees, higher degrees, or professional degrees—to be present in person at the Commencement Exercises. Diplomas will not, in general be issued to absentees. Candidates who are unable to attend should notify the President of the University immediately, with full explanation of the circumstances."

EXTENSION OF BRUMMAGE-SALE BOY DOGS BY END IS NOW IN PEDDLERS ANNOY UNITED BY TIES STREET. SUCCESS. BY BASEBALL. POISON. SIGHT. SAN LEANDRO. OF MARRIAGE.

HAYWARDS DISCUSSING MATTER OF OPENING NEW ROAD TO LOCAL DEPOT.

HAYWARDS, May 7.—A number of residents have lately been advocating the opening up of B street past Hunt Brothers' Canning Factory to the depot. There seems to be no question in anyone's mind as to the need of a thoroughfare there. A good sized path has been worn by a good sized pack of dogs on either side of the street car track by the constant heavy travel along the way. The only trouble lies in the expense of grading the street. Hunt Brothers, the owners of the property through which the proposed roadway would run, would, in all probability be willing to donate the land if the town would pay for the building of the thoroughfare.

Trustee Peterson, when asked about the matter, said: "I think the road ought to be opened up, as there is surely a need for it. But I have my doubts as to whether the taxpayers would be willing to put up for the job."

Trustee Wilbert declined to express himself on the matter, saying that he would rather wait until after the election had to say in regard to it. If he found out that public sentiment favored such a move, he would do what he could for it.

REPAIRS COMPLETED.

Proprietor Nelson of the Central hotel has about completed extensive repairs to the hostelry. The dining room has been renovated and all the chambers have been repaired and decorated. A barber shop has been installed on the A street side of the house. The hotel now presents a very neat appearance and compares favorably with the other places in this part of the country.

RELOCING.

Born.—To Mr. and Mrs. John Melchior of A street, a native son.

ADVERTISED LETTERS.

The following list of advertised letters has been posted by Postmaster A. Bradford: Beck Bros., T. Coward, Mariano Silveira Carraro, Henry Clausen, Joe Cardozo, Mrs. Edith Geobran, John Hent, Jose Silveira, Manuel de Santos, Mrs. Rose Silva, Mrs. Maude Whiting, Mrs. A. A. Wheeler, Mrs. R. Williams.

LADIES' AID SOCIETY OF WEST BERKELEY, MAKES MONEY FOR THE CHURCH.

WEST BERKELEY, May 7.—The rummage sale which is being conducted by the Ladies' Aid Society of the Catholic church at the corner of Sixth street and University avenue, is meeting with great success. It opened on Saturday last and will probably continue for the rest of the week. Much of the success of the sale is due to the efforts of Mrs. James Doran, president of the society and her corps of able assistants, Miss Mary Gallagher, Miss Kate Byrne, Mrs. Charles Finney, Mrs. J. A. Canbery and Mrs. Adam Guertler.

ADVERTISED LETTERS.

There are undelivered letters at the West Berkeley postoffice for Mrs. M. Armfield, Mrs. J. Le Conte, C. Heanson, and J. H. Hart.

WILL VISIT OLD HOME.

Charles Richter of West Berkeley, will leave today for a two weeks' visit to San Pedro. He was formerly a resident of that place and has not been there for over sixteen years.

MOVED.

Mrs. A. L. Binton of 2024 Ninth street has moved to 2224 Byron street.

PERSONAL AND SOCIAL.

BERKELEY, May 7.—Earle Anthony took a flying trip to Southern California. He was formerly a resident of that place and has not been there for over sixteen years.

MOVED.

Mrs. A. L. Binton of 2024 Ninth street has moved to 2224 Byron street.

GOLDEN GATE LAD HIT ON HEAD BECOMES UNCONSCIOUS FOR SOME TIME.

GOLDEN GATE, May 7.—George Howell, a fourteen-year-old lad attending the Bay school, was seriously hurt by being hit by a baseball yesterday morning. The accident occurred during the morning recess and the lad was rendered unconscious for some time. George Hartley and Jack Brallias were playing "catch" with a hard baseball, contrary to rules, and young Howell accidentally got in between the two just as Brallias threw the ball which hit him on the right temple. Young Howell fell to the ground but got up immediately and started to brush himself off when he became unconscious and fell again. Dr. Woods was summoned and the injured boy was moved to his home on Fifty-sixth street, where the physician is attending him.

MEET TODAY.

The Little Dulce Club, which was formerly known as the Mothers' Union, met this afternoon at the residence of Mrs. P. C. Hall, 1015 Fifty-sixth street and was addressed by Miss Alice Flint, whose subject was "Sloyd Work."

NEW JOB.

Herman Kilmker of Golden Gate has secured a position with the California Graphite Company of San Francisco. He is to be their travelling salesman in Alameda county.

VISITING HERE.

Mrs. G. Mesick, a former resident of Golden Gate, is visiting here for a few days.

RETURNED HOME.

E. L. Hallwood of 650 Fifty-sixth street who has been in Manila for the past year superintending construction of a saw mill has returned to his home here.

FRUITVALE CANNINES VICTIMS OF MALEVOLENCE OF AN UNKNOWN.

FRUITVALE, May 7.—Some, one has been poisoning the dogs in the vicinity of the Old County road. Last Sunday twelve canines died as a result of eating food covered with strychnine or some other poison. Constable Thomas Carroll is on the lookout for the offender.

ODD FELLOWS MEET.

The Odd Fellows held a meeting in the Masonic temple on Tuesday and transacted regular business.

INCORPORATION.

The Incorporation Committee has issued a little leaflet entitled, "Actual Figures on the Corporation of Fruitvale." The object of incorporating the town of Fruitvale is to secure better results to its taxpayers. The circular gives figures comparing the taxes with and without incorporating, as published in the Tribune last month.

WORKING FOR HARRIS.

The students of the Dewey school have been energetically circulating a petition among the voters asking them to again cast their ballots for Trustee Geo. Harris, at the annual school election which occurs next month. Mr. Harris is at present the clerk of the board and is popular with both the parents and children.

HOUSE MOVED.

The old white house on the corner of Tenth and Fourteenth streets is being moved on to the Old County road. Last night, after the street cars had stopped running the building was drawn across the tracks. The men were obliged to remove the wires from ten poles in order to get the house across the rail.

THE NEW CULVERT.

Work is progressing slowly on the new culvert that is being constructed under the Southern Pacific crossing at Fruitvale avenue. Traffic is very heavy at this point, so the section gang works slowly, so as not to interfere with the running of the numerous train.

PERSONAL.

Mrs. George Lund was in San Francisco yesterday on business.

WHY ROOSEVELT APPOINTED NEGRO.

ASSBURY PARK, N. J., May 7.—Bishop W. B. Jenck of Flushing, in an address at the New Jersey conference of the African Methodist Episcopal Church, said:

"There is a great common over President Roosevelt's appointment of negroes to office. He does not do as other Presidents did. Others appointed the negro because he was a negro, but President Roosevelt appoints them as men. So broad are his views, so lofty is his conception of even-handed justice, that he has proclaimed to the world that the door of hope is open to every man regardless of color or previous condition of servitude. If the negro is not a citizen, then this Government stands indicted before the world as a colossal fraud."

ALL WORK ON SUBWAY EXCEPT DREDGING WILL BE DONE IN THREE WEEKS.

EMERYVILLE, May 7.—The beginning of the end of work on the big subway here is now in sight. It is expected that most of the work will be done in three weeks. In fact, all departments of the work except the dredger will be finished by that time.

DIGGING OVER AGAIN.

The big steam dredger has finished the work up to the Southern Pacific tracks and has been moved back to that portion which was incompletely done by the machine when it was fitted with a small suction pipe. The work is kept up continually as they are working deep enough to be dependent on the tide for water.

BUCKETS THROUGH.

The big pile-driver and the bucket brigade work on the excavation on the shore end of the subway, has finished its work and the attachments to the pile-driver are being dismantled. All that remains now to be done is to grade the floor and lay the concrete. Then the subway will be complete from the powerhouse to the Southern Pacific tracks.

TRACK LAYING NEARLY DONE.

The work of track laying from Telegraph avenue to the subway has been progressing very rapidly and the construction crew is now laying rails on Lincoln street. As the double track has been laid up to and across San Pablo avenue, there only remains a short distance to traverse to connect the two ends.

HOLLY SOCIAL CLUB HOLDS PLEASANT DANCE.

BERKELEY, May 7.—The Holly Club gave a pleasant dance recently at the home of Mrs. D. L. Shirk, 1719 Hearst avenue. The spacious grounds were prettily decorated for the event and the halls and rooms made beautiful with lights and greens. At midnight a sumptuous supper was served.

Vocal selections were rendered by Misses Mabel Gerinne and Bonnylyn M. Luchardt. The club members sang: Mabel M. Gerinne, Miss A. Billips, Miss R. Pinkney, Miss H. Cole, Miss H. Saxton, Miss E. Annand, Miss M. Behm, Miss O. Shirk, Miss L. Shirk.

The guests were Misses Milliken, Dart, Annand, Cameron, E. Luchardt, M. Luchardt, Bowers, Mapes, Perry, and Misses Pond, Beaudet, Garnet, Webb, Behm, L. Shirk, R. Shirk, Ivery, Skinner, Pathke, Grigg, Farrar, Cameron, Weaver, Mabel Baker, Mr. and Mrs. Robinson, Miss Behm, Mrs. D. L. Shirk, Mrs. G. Crow, Mrs. R. M. Marks, Mrs. Luchardt.

ROAD ROLLER HAS ARRIVED AND GOES TO WORK AT ONCE ON HEPBURN STREET.

SAN LEANDRO, May 7.—The town has been infested of late with numbers of Italian peddlers from San Francisco. Their principal stock in trade is matches. There is a license tax of \$4 on such traffic, but this, these fellows never make an attempt to pay. Marshal M. G. Getzenhauer has had considerable trouble with them. As fast as he detects them playing their trade, he orders them to take out a license, or get out of town. They usually promise to do the latter, but he has run across some of them in the past. The Marshal is determined to enforce the law, however. "The merchants of San Leandro pay taxes for the privilege of doing business," he says, "and I intend to protect their interests, even if I have to send some of these peddlers to jail."

MOVED TO MENDOCINO.

Mr. and Mrs. Charles Reid of Hayward avenue, recently moved to their new place in Mendocino county. They are very well known here and their departure is regretted by a host of friends.

MERRY-GO-ROUND.

A merry-go-round arrived in town yesterday and was set up on Hayward avenue opposite the Copper Works.

ADVERTISED LETTERS.

Postmaster Mr. Church has posted the following list of uncalled for letters: Manuel Pastana Berros, Mrs. E. A. Corwin, Alfredo da Carnara, Antonio de Freitas Cozon, Maria B. Gaspar, Thomas Rosa, Antonio Soans de Mello, Antonio Vierra, John Ignacio Silva Vargas, Mrs. J. Wallace.

ROLLER ARRIVED.

The long delayed road roller arrived yesterday from San Francisco, and will be put to work immediately on Hepburn street.

POPULAR YOUNG PEOPLE UNITED IN MARRIAGE.

BERKELEY, May 7.—A pretty wedding was celebrated in this city last night when Miss Maude Gertrude Earle, daughter of Mr. and Mrs. C. B. Earle, became the wife of C. Roy Flemming of Oakland. The ceremony was performed at the home of the bride's parents, 3140 University by Rev. E. B. Baker of the First Presbyterian Church of Oakland. With fruit blossoms and greens the house was prettily decorated for the occasion. Dr. J. H. Lackey of Oakland acted as best man, while Miss Adelaide Earle, sister of the bride acted as maid of honor, with appliqued lace, and the maid of honor wore green. After the ceremony Mr. and Mrs. Flemming left for a wedding trip through the southern part of the State.

"OLD MAIDS' CONVENTION" TO BE HELD SOON IN ELMHURST.

ELMHURST, May 7.—Miss Sara Oliveira, daughter of Mr. and Mrs. Oliveira, of First avenue, was united in marriage yesterday afternoon to George Mendonca of San Leandro. The ceremony was performed at 3 o'clock at St. Leander's church in San Leandro, Rev. Father O'Mahoney officiating. Miss Mary Mendonca, sister of the groom, acted as bridesmaid, while M. Oliveira, a brother of the bride, was best man. The happy couple left on the afternoon train to spend their honeymoon in the southern part of the State. In their return, they will reside near San Leandro, where the groom and his father have a large ranch.

"OLD MAIDS' CONVENTION."

On Saturday evening there will be given a May Day festival in Red Men's hall on Fourteenth street. There will be a musical and literary program of local talent. The principal feature of the evening's entertainment, will be "An Old Maids' Convention." Miss Mary Brown will take the principal part while local bachelor girls will be the delegates. An informal dance will follow the program.

PICNIC PARTY.

The Oakland Transit carried two special car loads of girls from an Oakland Catholic convent school to Haywards yesterday, where they were conveyed in busses to the hills for a basket picnic.

FINE MARE.

W. P. Felton has just returned from a few days' trip to San Francisco. While there he purchased another standard bred trotting mare, registered, bred by George Fox, with a colt a month old. The animal has a record of 2:08 1-4.

NEW SHOP.

J. H. Starr has opened up a new shoe shop at the corner of Grand avenue and Sunnyside street.

PERSONAL.

Frank Storier is in Santa Cruz, as the Elmhurst delegate to the Foresters' convention. Charles Alvord, who recently recovered from a severe attack of tonsillitis, is again sick.

BOILERMAKERS' WAGES.

NEW CHIEF SURGEON, SOUTHERN PACIFIC WILL MAKE NO CHANGES.

The Standing Grievance Committee of the Boiler Makers' Union went to San Francisco yesterday afternoon where they are in consultation with Superintendent of Motive Power Small, regarding the disagreement between the boiler makers of the Union Pacific lines and the employees.

The committee is composed of well known boiler makers from Motive Power shops in the Union Pacific. The West Oakland ward is represented by George McKinnon. The committee is doing its best to urge both sides to settle their differences.

All of the employees at West Oakland are very much interested in the result of the committee's conference with Superintendent Small and are desirous of seeing the breach healed over.

Should the conference fail to reach an amicable agreement and a strike result, it will mean the closing up of all the work of all departments of the railroad at West Oakland.

It is hoped that they will not have to lay off at that time.

NEW CHIEF SURGEON ASSUMES HIS DUTIES.

Dr. Frank Kingsley Alexander who has been appointed Chief Surgeon of the Southern Pacific Company, commenced his duties yesterday and has established himself in the headquarters of the late Dr. Gardner in the Wells, Fargo & Co. building, San Francisco.

In speaking of the Southern Pacific hospitals and its facilities, Dr. Alexander said:

"Under the management of Dr. Gardner for the last three years the service of the hospital department has been brought to a very high state of efficiency. We believe that it is the best of any railway service in the United States. No material changes are contemplated. The personnel and equipment with which Dr. Gardner brought it to its present state certainly seems to me good enough to go on with."

"I have not yet selected a successor for my place in Los Angeles. Dr. C. C. Alexander, assistant there, is in line of promotion, and he is in charge, while Dr. Bryant is consulting surgeon. The Southern Pacific maintains a corps of about 125 regular surgeons and 15 emergency surgeons, making an available, but not a full, staff of about 200 doctors, but we have but two hospitals owned by the company, the large general hospital in San Francisco which now has about 120 patients, and its division hospital at Sacramento, which has about 50 patients. It also has an emergency hospital in Oakland. In other offices the company depends upon existing hospitals, with which it has special arrangements for the care of patients. In Portland, Oregon, the Good Samaritan and St. Vincent hospitals are utilized; at Ogden, the Ogden and General hospital; at Los Angeles, the Santa Monica hospital, where there are about 30 patients; at Tucson, the Sisters' hospital, where there are also 30 patients; at El Paso, the Sisters' hospital; and at Tinsmith, Baker's, Yuma, and San Luis Obispo, the local hospitals."

COLONISTS ARE STILL RUSHING INTO STATE.

During last week 1877 people holding colonists' tickets passed through Ogden and El Paso, bound for this State which brings the grand total for eleven weeks up to 25,711. The travel westward of people searching for suitable places to locate and build homes in has been up with very little diminution during the past three months in which the special rate has been in force. As the rate will remain in effect until June 30, it is probable to suppose that fully 25,000 or 26,000 colonists will arrive between now and that time.

NOTES AND PERSONALS

GATHERED ABOUT THE YARD.

For many Crocker of the air department has been to Port Costa, where he will superintend the completion of the air attachment to the steam shovel which was commenced at the local yard.

Charles Gentry, the foreman of the rolling mill of the West Oakland shops has started a free canteen hospital at his home in West Oakland for the benefit of the mill hands. He is assisted by his old-time friend and shop mate, John Robertson.

A Farmer Straightened Out.

"A man living on a farm near here came in a short time ago completely bewildered with a confused mind. He had a bottle of Chamberlain's Pain Balm and told him to use it freely and it not only cured him but he was able to get back to work. He is now a happy man and says C. F. Sawyer of Pittsburg, Mo. is a few days later he walked into the store as straight as a string and had a bottle of Chamberlain's Pain Balm. I want it in the house all the time. It is a good remedy for all kinds of pains. Good! Good! Good! Sawyer, Seventh street and Broadway."

Said building to be constructed of wood with brick foundation, two stories high and to contain sixteen classrooms, each with capacity for forty pupils, and also a room for Principal's office and library combined. Proper fire escape shall be provided for each story. There shall be proper entrances provided to said building and necessary halls provided for.

Twenty-six thousand dollars will be expended for the erection of said building. Five per cent of the cost of said building will be paid to the architect whose plans are accepted.

The architect whose plans are accepted will be required, for the same compensation, to construct and erect a school building, and he will be required to furnish a good and sufficient bond, with two sufficient sureties thereto, in the penal sum of five thousand dollars, to be approved by said Board of Trustees. Said bond shall contain a condition that within sixty days from the date of the successful bidder shall enter into a contract containing such provisions and conditions as may be required by said Board of Trustees; and also the condition that he shall give such further bond to secure the faithful performance of said contract.

For all particulars address THE BOARD OF TRUSTEES, Laurel School District, at its office in the Town of Hayward, County of Alameda, State of California, at any time prior to Saturday, the 16th day of May, 1903, between the hours of 10 o'clock a. m. and 4 o'clock p. m. at that time received will be opened.

At four o'clock in the afternoon of Saturday, the 23rd day of May, 1903, said office of said Clerk, said Board of Trustees will select and adopt plans and from among the bidders, the one to be made the award to the successful bidder.

All bids are invited to reflect any and all bids.

Dated Hayward, Cal., April 29th, 1903.

G. S. LANGAN,

Trustee of Laurel School District.

The Clerk may be seen or communicated with at the residence of the undersigned, W. W. Foote, Jr., at 821 Broadway, Oakland, California, at the law office of Langan & Lemos.

NOTICE OF STREET WORK.

Notice is hereby given that on the 27th day of April, A. D. 1903, the City Council of the City of Oakland passed Resolution of Intention No. 2811, to order the following street work to be done, viz:

That Thirty-ninth street in said City, from the existing manhole on the Eastern side of Grove Street to a point fifty (50) feet westerly from the Western line of Telegraph Avenue, be sewered with an eight-inch vitrified, ironstone pipe, and that a fifty-two (52) salt-glazed, vitrified, ironstone "Y" branches, shall be installed thereon; also that three (3) brick manholes, each being two feet in diameter inside at top and four feet in diameter inside at bottom, and each provided with an iron top be constructed thereon as follows, to-wit:

REORGANIZATION OF FIFTH REGIMENT N. G. C.

Officers Changed, Inspections Set, and Honors Conferred on Chief Surgeon Dunn.

LIEUTENANT DWIGHT W. STRONG,
Adjutant First Battalion Fifth Regiment, N. G. C.

Lieutenant Dwight W. Strong has been reappointed battalion adjutant of the Fifth Infantry, and will serve with the First Battalion.

Colonel John Hayes of the Fifth Regiment, N. G. C., who for a number of years resided in Oakland where he served his first enlistment and where he passed through the successive ranks to the one which he now holds, namely that of commander of the crack regiment of the service, has entered upon a thorough reorganization of his command. In this movement, he will be encouraged by the rank and file because all the members know the colonel, know his interest in the National Guards as also know that he will exact from them only what is really required in order to accomplish the purpose which he has in view, namely to maintain the Fifth as second to no regiment in the service.

NEW ARMORY.
With this end in view, he has made a number of changes and a number of other changes are still in contemplation, one of which is a new armory for Companies A and F in this city and another for the company in Santa Rosa.

BATTALION COMMANDERS.
The colonel has changed the commander of the battalion.

Major C. T. Poulter of this city, takes command of the First Battalion, Company B, Santa Rosa; Company H, Napa and Company C, Petaluma.

Major D. A. Smith of San Francisco will command the Second Battalion, Company A and F of Oakland; Company G, Alameda.

Major C. E. Haven will command the Third Battalion, Company B, San Jose; Company L, Livermore.

SENIOR MAJOR.
Major Poulter in this manner, has been succeeded by Major D. A. Smith as he formerly commanded the second Battalion, comprising the guard companies in this city and Alameda. He is now the senior major of the regiment and accordingly has been assigned to command the First Battalion.

Major Smith who assumes command of the Second Battalion, although a resident of San Francisco is not a stranger here. He has long been connected with the service and there is not a member of the regiment who has not had official business with him in the past.

In the Third Battalion, there is only one company of Alameda County and that is I Company of Livermore, which by the way, is in a flourishing condition.

ADJUTANT STRONG.

First Lieutenant Dwight W. Strong who for years has been the faithful curator of the Reading Room of the Public Library and who has filled the position of Battalion Adjutant of the Fifth, retains that position under Major Poulter, a fact which is greatly appreciated by the command. He has been assigned to the First Battalion.

First Lieutenant C. R. Arques is adjutant of the Second Battalion.

First Lieutenant Paul Coulter is adjutant of the Third Battalion. He is a son of Major Poulter of this city.

Major L. W. Julliard has been promoted to lieutenant-colonel and Captain C. E. Haven, regimental quartermaster to major.

REGIMENTAL HEADQUARTERS.

Colonel Hayes has located his headquarters in San Francisco. The boys on this side of the bay were much disappointed in this regard as they had hoped to have the headquarters in Oakland.

The boys are wondering what the

delay is in receiving the new "Kraggs" as the new rifles were ordered issued some time ago by the Government.

An order will soon be issued from the adjutant-general's office to change the white stripes on trousers to light blue to conform with those of the regular army.

NEW BAND.
Colonel Hayes will soon enlist a new band for the Fifth, either here or at Santa Rosa to take the place of the present band which was mustered out some time ago as the members wished to become a union band.

DISCHARGED.
The following enlisted men have been discharged from the service either because of expiration of service or removal: Chief Musician, William McLean, Principal Musician, N. H. Braun, Drum Major Chas. Carey, Sergeant Louis Brutschy, Henry H. Leber, John Laughland, James H. McCall, Corporals Albert F. Abbott, Frank C. Bignami, Edward Carash, Henry Mohr, Privates Felix Adamini, Chas. E. Amidon, Alex. Berdik, Reuben L. Carash, Philippe Duval, C. E. Kern, H. J. McKim, C. H. Milner, Edw. H. Orr, Elmer W. Tubbs, John L. Stewart, John A. Hubbard, E. Schlemmer.

These formerly constituted the Fifth Regiment Band which had headquarters in this city. They have now formed a union band outside the guard.

INSPECTION.
Companies A and F and the Sanitary Corps of this city will be inspected and mustered on May 15. The inspecting officers are Colonel Koster of the National Guard and Major Hayden, United States Army.

The Headquarters Field and Staff, Sanitary Corps will be inspected tonight.

Company G of Alameda will be inspected tonight.

Inspection of the National Guard ordered by the War Department under the provision of the new militia law, will be made at this time also, and commanding officers will accord the United States army officers detained for this purpose every facility possible.

The Inspector will condemn and destroy all State property found to be worn out in the service. Unserviceable United States property will be ordered shipped to the adjutant-general at Sacramento.

HONORS TO DR. J. P. DUNN.

In this connection, there is pleasure in announcing that Governor Pardee has commissioned Dr. J. P. Dunn of this city, to represent the guard in the National Convention of Military Surgeons which is to be held in Boston, in June.

Dr. Dunn is chief surgeon of the Fifth Infantry and has displayed a greater amount of interest in that position in that work and done more for that branch of the service than has any other person who preceded him in the place.

The members of the regiment are pleased with the honor conferred, deeming it to be a just recognition of the services which the doctor has rendered the command.

FOURTY-TWO YEARS IN SERVICE.

Sergeant Chas. H. Ellis will celebrate his forty-second year of enlistment on the 18th of June next.

GONE TO THE REGULARS.

Second Lieutenant E. H. Pierce,

COLONEL J. P. DUNN,
Chief Surgeon, Fifth Regiment, N. G. C.

Dr. Dunn has been appointed by Governor Pardee to represent the National Guard of this State at the convention of military surgeons, which is to be held in Boston in the latter part of this month.

Battalion Quartermaster of the Fifth has received a commission of Second Lieutenant in the regular army and is now stationed at the Presidio.

SENTENCED WITH CHANCE TO REFORM.

NEW YORK, May 7.—Judge Warren W. Foster, in general sessions, in pronouncing sentence on Walter R. Hunsacker and Robert Burns de Camp to indeterminate terms in the Elmira Reformatory for robbery in the first degree, said:

"This crime was despicable. The full penalty for the crime in this State is twenty years in State prison, but because you have never been in trouble before and on account of your youth I am inclined to be lenient with you. I am going to send you both to the Elmira Reformatory to give you a chance to redeem yourselves. By good behavior and by showing the proper spirit of repentance for your crimes you will be liberated in a little over a year."

Hunsacker, de Camp and another young man met their victim, Charles A. Carroll, a retired merchant, in a cafe one night last March. Carroll invited them to have supper in a rooming house. Later, when he started for home, the three followed him to the street, where he was robbed by Hunsacker and de Camp.

YERKES RETURNS.

NEW YORK, May 7.—Charles T. Yerkes, who arrived on the Kron Prinz Wilhelm, yesterday, is on a rush trip to California. Within four weeks he will be back to take up his work in London.

"All the 'knocking' has stopped," said Mr. Yerkes. "London is becoming used to the tramway upheaval incidental to the laying of the tubes, and her citizens are taking things as a matter of course. Work is progressing smoothly, workmen are earning good wages, there is no trouble of any kind, and no prospect of trouble."

MAJOR C. T. POULTER,
Commanding First Battalion, Fifth Regiment, N. G. C.

Major Charles Poulter of this city has been appointed to the command of the First Battalion of the Fifth Infantry. He formerly commanded the Second Battalion of the same regiment.

DEATH, REWARD OF HEROIC DEED.

Saved Dozen Families By Fighting Flames Alone.

But Injuries Sustained Baffled Surgical Skill.

CHICAGO, May 7.—A dispatch to the Record-Herald from New York says:

Rather than give an alarm which she knew might awaken a dozen sleeping families to panic, Mrs. James K. Polk silently and desperately fought a fire in her apartments. She paid for this with her life last night, for so badly burned was she that she died, despite every effort of surgeons.

Wealthy and herself a daughter of one of Sweden's famous artists, Mrs. Polk was married twenty-one years ago to Mr. Polk, whose great-uncle was President of the United States.

TRUSTEE KNOX CHAIRMAN.

SUCCEEDS MURPHY AS HEAD OF LIVERMORE BOARD OF TRUSTEES.

LIVERMORE, May 7.—The Board of Town Trustees met in monthly session last Monday night. After the minutes of the previous meeting were read and approved, Chairman Murphy vacated his chair and tendered his resignation as president of the board. Trustee Knox was elected to fill the vacancy.

NEW THEATER.
A petition for a permit was read from John Sweeney for the erection of a hall and theater building, the corner of First and McLeod streets. The petition was unanimously granted.

WATER RATES.
The Ordinance Committee reported the ordinance fixing water rates for the year commencing July 1.

The rates remain at the same figure except in the case of hydrants for fire purposes. Last year the rate was \$2.50. The new ordinance fixes it at \$3. The ordinance was adopted by the following vote: Ayes—Meyers, Kennedy, Knox and Murphy.

STREET LIGHTS.
On motion of Trustee Meyer, seconded by Trustee Kennedy, the clerk was instructed to communicate with the Livermore Water and Power Company in regard to a reduction of the rate charged for street lights.

The meeting then adjourned to May 6.

DEATH OF MRS. LOMETTI.
Mrs. Pauline A. Lometti, mother of M. Bellini, and grandmother of Mrs. L. Lometti, died in East Oakland last week at the advanced age of 85 years, after a lingering illness. She had been a resident of Livermore for many years, living with her daughter at the Washington Hotel during the time Mrs. Bardelli conducted that house. She also leaves a son, Joseph Lometti of San Francisco, and another daughter, Mrs. Palma Princeton of the same city.

WENT TO SANTA ROSA.
H. F. Blackford, who has been in the employ of the Livermore Water and Power Company until the last of May as an electrician, departed for Santa Rosa yesterday, where he has secured employment with J. W. Swank, a contractor.

County Superintendent of Schools Crawford visited the Livermore School yesterday.

KNIFE FAILED TO REACH VITAL SPOT.

A. J. Banks, the cook, who actually stabbed himself with a pocket knife in the abdomen at his home, 631 Adelaide street, yesterday, was reported this morning to be doing well.

Examination by the surgeons at the Receiving Hospital yesterday afternoon revealed the fact that Banks' wound was much deeper than he at first explained it to be. The cut was two and a half inches deep, and in treating it the surgeons probed and drained to a depth of four inches. As there was no inflammation and no increase of temperature noted in the patient this morning it is thought that no serious result will ensue from the injury.

Tragedy Averted.
"Just in the nick of time our little boy was saved," writes Mrs. Watkins of Pleasant City, Ohio. Pneumonia had played sad havoc with him and a terrible cough set in besides. Doctors treated him, but he grew worse every day. At length we tried Dr. King's New Discovery for Consumption, and our darling was saved. He's now sound and well."

Everybody ought to know it's the only sure cure for Coughs, Colds and all Lung diseases. Guaranteed by Osgood Bros., Druggists, Seventh street and Broadway, Price 50c and \$1.00. Trial bottles free.

ROOST DEPLETED DURING THE NIGHT.

Mrs. L. C. Perry of 1114 East Fourteenth street has reported to the police that twenty chickens were stolen from her yard.

The police have been informed that a set of harness was stolen from Miller's Pottery in East Oakland last night.

Bowman's Drugstore

and the "Drug Trust"

A good deal has been said lately about drug trust and drug boycott—a good deal that would have sounded better if never uttered.

We know that the confidence of the people of Oakland in Bowman's Drug Store has not been shaken, however. We have been most substantially assured of that in the ever increasing patronage that has been accorded us.

We don't believe there are very many people who think we would be party to a conspiracy to in any way rob the hospital or the sick-room of its requisites.

We would also say that we never have been directly or indirectly in any way connected with any movement to force anyone to do what he didn't want to do, by boycott or any other means. We see only one way that the word "trust" can apply in our case, and that is that "YOU CAN TRUST THE DRUGS YOU GET AT BOWMAN'S." Our prices on every article from the beginning to the end of the drug line will be the lowest always and you may be sure it is pure and genuine.

As to the prices on patent medicines we have three stores and by buying for all at once we are able to secure the very lowest price that any one can get.

These prices vary somewhat from time to time but you may be sure that ours are always the lowest that prevail.

SHAKE-UP, NOT REMOVAL OF POLICE OFFICERS.

Mayor Olney's Denial of Story of the Decapitation of Chief St. Clair Hodgkins.

"There is no intention of removing the Chief of Police," said Mayor Olney this morning when questioned about the rumored shake-up in the Police Department.

The Mayor's tone was quite positive.

"What about this report?" he was asked.

"That is all rot," replied his honor. "I made some off-hand remarks about improving the discipline of the force, and instituting more system in the methods of the department, but I explained all that. There was no question of removing anybody nor anything like it. When I spoke of shaking up I distinctly referred to methods and not to changes in the personnel of the force."

"I said nothing to indicate that the removal of the Chief was in contemplation. It is improvement, not removal, that is desired."

The romancers who have been making so free with the Mayor's alleged intentions in regard to the Police Department represented that Captain

Wilson was to succeed Chief Hodgkins right away, and that the band was to play all along the line for a grand right-and-left.

The Mayor curtly says it's all rot. And that's about the size of it.

In this connection it may be mentioned that at the meeting of the Roosevelt Reception Committee the other day Senator Perkins and others took occasion to give Chief Hodgkins high praise for the masterly manner in which he managed the parade in honor of President McKinley, when that martyred statesman visited Oakland.

Men close to Mayor Olney—not politicians or place-hunters—say he refuses to consider political affiliations in connection with the public service. His aim is solely to obtain the highest degree of efficiency possible in all the departments, and that subordinates are secure in their places so long as they do their duty and behave themselves properly. He is not "doing politics" in the departments, or rewarding friends and punishing enemies as it is euphemistically called.

MEDICOS DISCUSS PHYSIC

ETHICS AND DR. LORENZ DIVIDED YESTERDAY'S SESSION AT NEW ORLEANS.

NEW ORLEANS, La., May 7.—Five hundred doctors gathered at the County Hospital to-day to witness another demonstration by Dr. Lorenz of his method of bloodless surgery. There was an unusual attendance of crippled children and their parents, the latter anxious to have their little ones selected as subjects. Some of the scenes were affecting.

The house of delegates continued its session to-day, taking up the matter of the proposed revision of the code of ethics.

The American Medical Temperance Association listened to a paper by President W. S. Hall of Chicago on "Nature's Immunization of race against liquor." Dr. W. L. Rodman of Philadelphia, in behalf of the Portraiture Company of America Medical Association, presented for the Hall of Fame a portrait of Dr. Hunter McGuire of Virginia, a distinguished Confederate surgeon and former president of the association. Dr. W. H. Saunders of Alabama, Dr. R. D. Murray

of the Marine Hospital Service and Dr. J. M. Lindsay of Cuba participated in an interesting discussion before the section on hygiene on the question of health powers and their exercise by the national, state, county and municipal authorities. The section also listened to an interesting paper given by Dr. J. H. Dyer of Louisiana. Dr. Dyer invited a party of the doctors to visit the Louisiana Leprosy Hospital to-day.

The section nominated for officers Dr. G. T. Swartz of Rhode Island as president and Dr. John Fulton of Maryland as secretary.

Dr. Joseph McFarland of Philadelphia was elected president of the section on pathology and physiology, and Dr. Henry A. Christian of Boston secretary.

Too Great a Risk.

In almost every neighborhood some one has died from an attack of cholera or cholera morbus, before medicine could be procured or a physician summoned. A reliable remedy for these diseases should be kept at hand. Chamberlain's Colic, Cholera and Diarrhoea Remedy has been used by thousands of more people and relieved more pain and suffering than any other medicine in use. It can always be depended upon. For sale by Osgood Bros., Druggists, Seventh street and Broadway.
